

LIFECARE ASA (LIFE): INVITATION TO WEBCAST PRESENTATION ON 13 JANUARY 2026 AT 11:30 CET

The CEO of Lifecare ASA, Joacim Holter, will hold a webcast presentation providing a general update on Lifecare's current status and ongoing activities on Tuesday, 13 January 2026 at 11:30 CET.

The company invites shareholders, investors, and other stakeholders to attend the presentation and receive an updated overview of the company's development.

The presentation will be held in Norwegian and will be followed by a questions and answers session (Q&A). Participants will be able to submit questions electronically during the webcast.

The webcast is available via the following link: [Lifecare webcast presentation](#).

The presentation material is available on the company's website: [Lifecare company presentation](#).

About us

Lifecare ASA is a medical sensor company developing technology for sensing and monitoring of various body analytes. Lifecare's focus is to bring the next generation of Continuous Glucose Monitoring systems to market. Lifecare enables osmotic pressure as sensing principle. Lifecare's sensor technology is suitable for identifying and monitoring the occurrence of a wide range of analytes and molecules in the human body and in pets.
