

Elliptic Labs – Invitation to investor update and technology demonstration

Oslo, Norway – [Elliptic Labs](#) (OSE: [ELABS](#)), a global AI software company and the world leader in AI Virtual Smart Sensors™ currently deployed in over 500 million devices, is pleased to invite investors and stakeholders to an investor update and applied use case of our AI Virtual Seamless Sensor on September 10th.

Agenda (12:00 – 14:30 CET)

- Registration and light lunch
- Elliptic Labs market update and the way forward
- Panel debate facilitated by Carnegie analyst Oliver Pisani
- Live technology demonstration of our AI Virtual Seamless sensor

The event will be held at Carnegie - Fjordalléen 16, Oslo, Norway. Due to limited capacity at our physical venue, attendance will be granted on a first-come, first-served basis. To secure your spot, please email investorrelations@ellipticlabs.com promptly and await confirmation of your reservation.

For those unable to join us in person, we are pleased to offer an online streaming option of the event, apart from the live technology demonstration.

We look forward to sharing our latest news with you all and hope you can join us in person or via online stream.

Date: September 10th, 2024

Time: 12:00 – 14:30 CET

Location: Carnegie - Fjordalléen 16, Oslo, Norway

About Elliptic Labs

Elliptic Labs is a global enterprise targeting the smartphone, laptop, IoT, and automotive markets. Founded in 2006 as a research spin-off from Norway's Oslo University, the company's patented software uses AI, ultrasound, and sensor-fusion to create AI Virtual Smart Sensors that deliver intuitive 3D gesture-, proximity-, presence-, breathing-, and heartbeat -detection experiences. Its scalable AI Virtual Smart Sensor Platform™ creates software-only sensors that are sustainable, human-friendly, and already deployed in hundreds of millions of devices around the world. Elliptic Labs is the only software company that has delivered detection capabilities using AI software, ultrasound, and sensor-fusion deployed at scale. The company is listed on the Oslo Børs.

Elliptic Labs is headquartered in Norway with presence in the USA, China, South -Korea, Taiwan, and Japan. Its technology and IP are developed in Norway and are solely owned by the company.
