Principles for appointment of the Nomination Committee and the instructions to the Nomination Committee (item 17)

1. Principles for appointment of the Nomination Committee

The Nomination Committee proposes that the principles for appointment of the Nomination Committee that were established at the 2023 Annual General Meeting remain unchanged, as follows, and thereby be established by the meeting:

1.1 Prior to the Annual General Meeting, the Nomination Committee shall be composed of (i) representatives of the three largest shareholders of the Company in terms of votes, who are registered in the share register maintained by Euroclear Sweden AB as of the last trading day in August each year, and (ii) the Company's Chairperson of the Board, who shall also convene the first meeting of the Nomination Committee.

1.2 If any of the three largest shareholders in terms of votes waives the right to appoint a member of the Nomination Committee, that right transfers to the next-largest shareholder who does not already have the right to appoint a member of the Nomination Committee. This will continue until either (i) an additional five shareholders have been asked or (ii) the Nomination Committee is fully appointed. The Chairperson of the Nomination Committee is to be the member that represents the largest shareholder in terms of votes, unless the members agree otherwise.

1.3 The names of the Nomination Committee members are to be published on the Company's website as soon as the Nomination Committee has been appointed, although not later than six months before the next Annual General Meeting. The Nomination Committee's mandate period extends until a new Nomination Committee is appointed. Changes to the composition of the Nomination Committee are to be published on the Company's website as soon as possible.

1.4 If ownership in the Company changes after the last trading day in August but before the date falling three months before the next Annual General Meeting, such that a shareholder has become one of the three largest shareholders in terms of votes and is registered in the Company's share register, and said shareholder submits a request to the Chairperson of the Nomination Committee to participate in the Committee, that shareholder has the right to appoint an additional member of the Nomination Committee. Alternatively, the Nomination Committee may decide that said shareholder has the right to appoint a member of the Nomination Committee to replace the one appointed by the shareholder who is no longer one of the three largest shareholders in terms of votes after the change in ownership structure.

1.5 A shareholder who appointed a member of the Nomination Committee has the right to dismiss their member and appoint a new one. In case of such a replacement, the shareholder shall immediately notify the Chairperson of the Nomination Committee (or, if the Committee Chairperson is to be replaced, the Chairperson of the Board). The notification is to include the name of the outgoing member and the person to replace them as member of the Nomination Committee.

1.6 If a member leaves the Nomination Committee before its work is complete, they are to inform the Chairperson of the Nomination Committee (or, if the Committee Chairperson is leaving, the Chairperson of the Board). In such a case, the Nomination Committee is to encourage, without delay, the shareholder who appointed the member to appoint a new one. If a new member is not appointed by the shareholder, the Nomination Committee is to offer another major shareholder in terms of votes the opportunity to appoint a member of the Nomination Committee. This opportunity shall be granted to the shareholder who, in terms of votes, is the next largest (meaning firstly to the largest shareholder in terms of votes who has not already appointed a member of the Nomination Committee or previously waived the right to do so, and thereafter to the next largest shareholder who has not already appointed a member of the Nomination Committee or previously waived the right to do so, etc.). This will continue until either (i) an additional five shareholders have been asked or (ii) the Nomination Committee is fully appointed.

1.7 No remuneration is paid to members of the Nomination Committee. The Company is responsible for covering reasonable costs that are deemed necessary for the Nomination Committee to carry out its work.

2. Instructions to the Nomination Committee

The Nomination Committee proposes that the instructions for the Nomination Committee that were established at the 2023 Annual General Meeting remain unchanged, as follows, and thereby be established by the meeting:

2.1 The members of the Nomination Committee are to promote the common interests of all shareholders and not to reveal the content or details of the Committee's discussions unduly.

2.2 Each member of the Nomination Committee is to consider carefully whether there is any conflict of interest or other circumstance that makes membership of the Nomination Committee inappropriate before accepting the assignment.

2.3 The Nomination Committee shall fulfil its tasks in accordance with these instructions and applicable laws. These tasks include, where applicable, presenting proposals to the Annual General Meeting as regards:

- a. Election of the Chairperson of the Annual General Meeting.
- b. The number of members of the Board to be elected by the Annual General Meeting.
- c. Election of the Chairperson and the members of the Board.
- d. Fees and other remuneration to each of the elected Board members.
- e. Election of the auditor/auditors.
- f. Remuneration to the auditor/auditors.
- g. Principles for the appointment of the Nomination Committee.
- h. Any changes regarding the instructions to the Nomination Committee.

2.4 The Nomination Committee's proposals shall be presented in the notice of the Annual General Meeting at which the election of Board members or auditors will take place and shall also be presented on the Company's website. In connection to the notice, the Nomination Committee shall also provide a reasoned statement on the Company's website regarding its proposal on Board members. The statement shall also contain a short description of how the work of the Nomination Committee has been conducted.

2.5 The Nomination Committee has the right, at the Company's expense, to engage external consultants whom the Nomination Committee considers necessary to fulfil its task.

The Board's proposal to authorise the Board to resolve on a new share issue (item 18)

The Board proposes that the Annual General Meeting authorise the Board, on one more occasions before the next Annual General Meeting, with or without deviating from the shareholders' preferential rights, to resolve on a new issue of shares not to exceed 10% of the total number of shares outstanding in the Company after exercising said authority.

The new shares can be issued with or without rules regarding non-cash issues, offset issues or other terms.

The goal of the authorisation is to allow the Company, in accordance with its established acquisition strategy, to finance acquisitions with own shares and to give the Board increased scope in the Company's capital structure.

Any new share issue conducted with the support of the authorisation is to be carried out on market terms.

Proposal for resolution regarding a long-term incentive programme (item 19 A-B)

The Board proposes that the Annual General Meeting resolve on a long-term incentive programme for Kjell Group AB (publ) and on the issue and transfer of warrants in accordance with items (A) and (B) as follows.

(A) PERFORMANCE SHARE PROGRAMME 2024

1.1 Background and purpose of the Performance Share Programme 2024

The purpose of the Performance Share Programme 2024 is to align the performance of Kjell & Company's senior executives with the long-term performance of Kjell & Company, to enable the retention of Kjell & Company's senior executives by linking their remuneration to Kjell & Company's performance over a vesting period of three years and to ensure that a balance is achieved between variable and fixed remuneration, and long- and short-term incentives.

To participate in the programme, a personal investment in shares in the Company is required. After the vesting period, the participants will be allocated shares in the Company free of charge, provided that certain conditions are fulfilled. To be entitled to an allocation of shares, the participant must have had continued their employment in the Kjell & Company Group during the vesting period and the investment in the Company's shares must have been maintained in full during the same period. In addition, the allocation of shares requires that performance conditions (related to the total shareholder return ("**TSR**") on the Company's share) are fulfilled.

1.2 Participants in the Performance Share Programme 2024

A maximum of 17 senior executives and personnel in the Kjell & Company Group are being offered the opportunity to participate in the Performance Share Programme 2024, divided into three categories. The first category ("**Category 1**") includes the CEO. The second category ("**Category 2**") includes the CFO and senior executives and the third category ("**Category 3**") comprises the other participants in the Performance Share Programme 2024.

1.3 The personal investment and allocation of Share Rights

To participate in the Performance Share Programme 2024, the participant is required to acquire shares in the Company corresponding to a certain value, depending on their seniority level within the organisation ("**Savings Shares**"). The maximum investment in Savings Shares varies depending on the participant's seniority level within the organisation and amounts to a maximum of 15,000 Savings Shares for the CEO in Category 1, a maximum of 15,000 Saving Shares for the CFO and 6,000 Saving Shares for other participants in Category 2, and a maximum of 1,000 Savings Shares for participants in Category 3. The total amount of shares may aggregate to 70,000 Savings Shares for all participants. Acquisitions of Savings Shares shall take place no later than 31 December 2024, with the right for the Board to extend this period if there were to be obstacles to participants' acquisitions during the period.

The Company's Board may resolve to award participants a share right ("**Share Right**") for each

Savings Share. Provided that certain conditions are met, each Share Right entitles the participant to receive a certain number of performance shares free of charge or, if the Board so decides, at a cost corresponding to the quotient value of the Company's shares ("**Performance Shares**"). For each Share Right, the participant in Category 1 may be awarded a maximum of seven (7) Performance Shares, participants in Category 2 may be awarded a maximum of six (6) Performance Shares and participants in Category 3 may be awarded a maximum of three (3) Performance Shares (subject to recalculation in accordance with standard recalculation terms).

1.4 Terms for Share Rights

The following general conditions apply to Share Rights:

- The Share Rights shall be allocated free of charge through a resolution by the Board.
- The Share Rights shall be earned for a period of three years from the time the Share Rights are awarded to the participant. The Board shall have the right to adjust the vesting period if the Board deems that it is particularly justified and compatible with the purposes on which the Performance Share Programme 2024 is based.
- The participants are not entitled to transfer, pledge or divest the Share Rights or exercise any shareholders' rights regarding the Share Rights during the vesting period.
- The right to be awarded Performance Shares normally presumes that the participant remains employed within the Kjell & Company Group during the vesting period. However, the Board shall have the right to allow so-called "good leavers" (i.e. participants whose employment is terminated due to pension, death, disability or dismissal from the Company that is not related to misconduct by the participant) to receive a pro rata allotment of Performance Shares.
- The right to be awarded Performance Shares presumes that none of the Savings Shares initially acquired have been disposed of during the vesting period.
- In order for the Share Rights to entitle the holder to the allotment of Performance Shares, it is also required that a performance condition has been achieved by the Company, in accordance with item 1.5 below.
- Performance Shares shall normally be allocated within a month after the end of vesting period.

1.5 Performance condition

In order for the Share Rights to entitle the holder to the allotment of Performance Shares, a performance condition must be achieved by the Company. The performance condition refers to the total shareholder return for the Company's share over the vesting period ("**TSR Criterion**"). The total shareholder return is measured by dividing the final value at the end of the vesting period by the initial value at the start of the vesting period. In addition, any profit distribution to shareholders during the current measurement period must be taken into account when calculating the total return.

The minimum and maximum levels for the TSR Criterion are set at 30% and 60%, respectively. If the established minimum level is reached, 25% of each participant's Share Rights will give entitlement to the allocation of Performance Shares. If the minimum level is not reached, the Share Rights will not give entitlement to any allocation of Performance Shares. If the maximum level is

achieved or exceeded, 100% of each participant's Share Rights will give entitlement to the allocation of Performance Shares. Between the minimum and maximum levels, vesting will take place on a straight-line basis.

1.6 Formation and administration

The Board, or a specific committee appointed by the Board, shall be responsible for the formulation and administration of the Performance Share Programme 2024 within the scope of the terms and directions set out herein.

If the delivery of Performance Shares to individuals outside Sweden cannot be carried out at reasonable costs and with reasonable administrative efforts, the Board shall have the right to decide that participants outside Sweden may instead be offered a cash-based settlement. This is also the case for participants whose employment was terminated during the vesting period (i.e. "good leavers") and who are entitled to a pro rata allotment of Performance Shares.

If significant changes occur in the Company or in the conditions under which it operates that would have the effect that the TSR Criterion or the terms and conditions for the Share Rights and/or Performance Shares are no longer appropriate and/or deviate from Swedish market practice for similar incentive programmes, the Board shall be entitled to make other adjustments to the Performance Share Programme 2024.

1.7 Other terms

1.7.1 Specific evaluation before allocation of shares

Before the number of Performance Shares that are to be allocated based on the Share Rights is finally determined, the Board shall assess whether the outcome of the Performance Share Programme 2024 is reasonable. This assessment is made in relation to Company's financial result and position, the stock market and other conditions in general. If in its assessment the Board determines that the outcome is not reasonable, the Board may reduce the number of Performance Shares to be allocated.

1.7.2 Change of ownership

In the event that a shareholder (alone or together with related shareholders) during the vesting period (i) becomes the owner of more than 90% of the shares in the Company through a public takeover bid, or (ii) initiates a redemption of minority shareholders in accordance with the Swedish Companies Act, the Board shall have the right to decide (a) that the Share Rights shall be fully or partially earned immediately (regardless of whether the vesting period has been completed and the TSR Criterion has been met), or (b) to redeem the Share Rights by (x) compensating the participant with a cash amount corresponding to the market value of the Performance Shares to which the Share Rights had entitled the participant, or (y) to replace the Share Rights with a new incentive programme in the acquiring shareholder.

1.8 Scope

The number of Savings Shares acquired and Performance Shares allocated under the Performance Share Programme 2024 is based on the size of the participant's investments and the price of the Company's share at the time of acquisition. The maximum amount of Performance Shares in the Company that can be allocated in accordance with the Performance Share Programme 2024 shall be limited to 405,000 (corresponding to a dilution of approximately 1.30% of

the total number of shares in the Company per day for this proposal). The number of Performance Shares included in the Performance Share Programme 2024 may, in accordance with the conditions established by the Board, be subject to recalculation should the Company implement a bonus issue, a share split or a reverse share split, a rights issue or similar corporate actions, taking into consideration customary practice for similar incentive programmes.

1.9 Hedging

In order to ensure the delivery of Performance Shares under the Performance Share Programme 2024, the Board proposes, as further stated in item (B) below, that the Annual General Meeting resolve to carry out an issue of warrants, and that the meeting resolve on the transfer of said warrants (as further stated in item (B) below). The Board proposes that it should have the right to enter into so-called share swap agreements with third parties in order to fulfil the obligations under the programme (according to item (B) below).

1.10 Estimated costs and performance measures

The cost of the Performance Share Programme 2024 will be recognised in accordance with IFRS 2 Share-based Payment, and is estimated to amount to approximately MSEK 3.8 excluding social security contributions, distributed over the vesting period based on the following assumptions: (i) a cost per Savings Share corresponding to the closing price for the Company's shares on 25 March 2024; (ii) all participants investing the maximum amount; (iii) an estimated employee turnover of 0%, and (iv) a value of the Performance Share based on the cost per Savings Share, full fulfilment of the TSR Criterion and an estimated volatility in the Company's share.

The costs have been calculated without regard to tax effects and any right of deduction. In addition, any pension costs, bonuses and subsidies are not included in the calculation. The costs for social security contributions are estimated to amount to approximately MSEK 1.7, assuming an annual total return of 11.3%.

1.11 Preparation of the proposal

The Performance Share Programme 2024 has been initiated by the Board and prepared together with external advisers.

1.12 Other incentive programmes in the Company

For a description of the Company's other share-based incentive programmes, please refer to the Company's website and annual report for 2023. Apart from the programmes described there, there are no other share-based incentive programmes in the Company.

1.13 The Board's proposal for resolution

Referring to the description above, the Board proposes that the Annual General Meeting resolve to introduce the Performance Share Programme 2024. It is further proposed that the Board, or a person appointed by the Board, shall be authorised to make such minor adjustments to the resolution as may be required for registration with the Swedish Companies Registration Office and Euroclear Sweden AB.

1.14 Majority requirement

The Board's proposal for resolution on the Performance Share Programme 2024 (proposal for resolution in accordance with this item (A) requires that the resolution be supported by shareholders representing more than half of the votes cast at the meeting.

(B) ISSUE AND TRANSFER OF 2024 SERIES WARRANTS

2.1 Background

To ensure delivery of Performance Shares under the Performance Share Programme 2024, the Board proposes that the Annual General Meeting resolve to carry out an issue of warrants, and that the Annual General Meeting resolve to transfer said warrants, as follows.

2.2 The Board's proposal for resolution regarding the issue of warrants

The Board proposes that the Company issue a maximum of 405,000 warrants of series 2024 for subscription of shares. Each warrant of series 2024 entitles the holder to subscribe for one (1) new share in the Company (subject to possible recalculation). Upon exercise of all warrants of series 2024 for subscription of shares, up to 405,000 new shares may be issued (subject to possible recalculation), corresponding to approximately 1.30% of the total number of shares and votes in the Company as of the date this proposal. Upon full exercise of the warrants of series 2024 for subscription of shares, the Company's share capital will increase by a maximum of SEK 6,695 as of the date of this proposal.

The right to subscribe for the warrants shall, in deviation from the shareholders' preferential rights, only accrue to Kjell Group AB (publ), with the right and obligation to dispose of the warrants of series 2024 as described in this proposal. The reason for the deviation from the shareholders' preferential rights is that the issue forms part of the implementation of the delivery of Performance Shares under the Performance Share Programme 2024.

The warrants of series 2024 shall be issued free of charge to the Company. The warrants must be subscribed for within three weeks from the date of the issue decision. The Board shall have the right to extend the subscription period.

New subscription of shares with the support of the warrants can take place during the period from the date of registration of the issue decision with the Swedish Companies Registration Office up to and including 31 December 2028. The exercise price for the warrants shall correspond to the quotient value of the Company's shares.

The warrants of series 2024 shall otherwise be regulated by customary terms.

2.3 The Board's proposal for resolution regarding the transfer of warrants

The Board proposes that the Annual General Meeting resolve that the Company may transfer the warrants of series 2024 to participants in the Performance Share Programme 2024 (or to a third party) free of charge to ensure delivery of Performance Shares under the Performance Share Programme 2024.

2.4 Authorisation

It is further proposed that the Board, or a person appointed by the Board, be authorised to make such minor adjustments to the resolution pursuant to this item (B) that may be required for registration with the Swedish Companies Registration Office and Euroclear Sweden AB.

2.5 Majority requirement

The Board's proposal for resolution in accordance with this item (B) requires that the resolution be supported by shareholders representing at least nine-tenths of both the votes cast and the shares represented at the meeting. The Board's proposal in accordance with this item (B) is conditional on the Board's proposal on the Performance Share Programme 2024 being approved by the Annual General Meeting (item (A) above).

Number of shares and votes

At the time of issuance of this notice, the total number of shares and votes in Kjell Group amounts to 31,151,514. No shares are held by Kjell Group itself.

Information at the Annual General Meeting

The Board and the CEO are obligated, should any shareholder so request and should the Board determine that doing so would not cause material damage to the Company or any significant inconvenience to any individual, to provide information pursuant to Chapter 7, Section 32 of the Swedish Companies Act regarding any circumstances that may affect the assessment of a matter on the agenda or the assessment of Kjell Group's financial situation. Such obligation to provide information also applies to Kjell Group's relationships with other Group companies, the consolidated accounts and such circumstances regarding subsidiaries as specified in the preceding sentence.
