

## Maven Wireless receives an order for Istanbul metro

Maven Wireless Sweden AB (publ) receives an order from Uskom Komunikasyon A.S. to deliver digital DAS products for bluelight radio coverage to the new Basaksehir-Kayasehir and Bakirkoy-Kirazli metro lines in Istanbul.

The 6 kilometer long Basaksehir-Kayasehir metro line and the 9 kilometer long Bakirkoy-Kirazli metro line will be equipped with the latest digital DAS public safety products from Maven Wireless including the unique Cirrus digital head-end master unit making the system independent from dedicated base stations.

*"I am happy to win our first metro project in this region. This achievement is another proof of the capabilities of our latest digital DAS technology meeting highest demands on robust, resilient and secure radio communications."* says Fredrik Ekström CEO of Maven Wireless.
