

KEYTO Group strengthens its Appliances offering as Energi-Service becomes part of the Group

KEYTO Group continues to strengthen its Appliances business in Sweden as Energi-Service in Trollhättan becomes part of the Group. This further strengthens our position in Western Sweden, complements Servly's existing geographical footprint and supports the Group's ambition to become the leading one-stop destination for services connected to the home.

Energi-Service is a well-established provider of appliance installation, service and repair as well as professional laundry equipment solutions. The company has built a strong reputation through its technical expertise, long-standing customer relationships and high-quality service.

"We are pleased to welcome Energi-Service to KEYTO Group and Servly. The company has built a strong business with an excellent reputation in its market, and it complements our existing offering very well. Together, we further strengthen our position in Western Sweden and continue to expand our capabilities within appliance installation, service and professional laundry solutions." says Magnus Agervald, CEO of KEYTO Group.

We warmly welcome all employees and customers of Energi-Service to the KEYTO family.
