## First patients treated with CoreTherm® Concept in Austria

**We are pleased to announce that the first five patients with benign prostatic enlargement (BPE) have been successfully treated with the CoreTherm® Concept in Austria. The treatments were performed by MR Prof. Dr. Karl Diehl in Tulln an der Donau.**

“We signed the agreement with Prof. Dr. Karl Diehl in May 2024, and it is fantastic news that the first patients have now been successfully treated. This marks an important first step in establishing CoreTherm® in Europe, fully in line with the company’s stated strategy” said Anders Kristensson, CEO of ProstaLund AB.

### About CoreTherm®

---

CoreTherm® is a minimally invasive transurethral microwave thermotherapy for benign prostatic enlargement (BPE). The treatment is performed in an outpatient setting under local anaesthesia and takes less than 15 minutes. No general anaesthesia or spinal block is needed. Follow-up data five years after CoreTherm® treatment shows clinical outcomes comparable to those seen after surgery/TURP (transurethral resection of the prostate), but with lower risk of serious complications. For more information visit, [www.coretherm.com](http://www.coretherm.com).
