

Haypp Group's Q4 Interim Report widely covered in Swedish business media

On the 13th of February, Haypp Group announced its financial and operating results for the fourth quarter of 2024. The Interim Report was widely covered in Swedish business media.

Sweden's largest business newspaper, Dagens Industri, noted that net sales increased from SEK 847 million to SEK 915 million in the quarter compared to last year. It also highlighted that the operating profit had more than doubled to SEK 26.3 million.

"Haypp Group's business in 2024 delivered robust like-for-like growth by leveraging its increasing scale across divisions and delivering substantial margin expansion", says Haypp Group's CEO Gavin O'Dowd.

Market, Affärsvärlden and Ehandel.se also reported on Haypp Group's Q4 Interim Report.
