engcon AB (“engcon” or the “Company”) has today received lawsuits against engcon and its subsidiaries regarding alleged infringement of Rototilt’s patent.

Rototilt has previously initiated legal proceedings against the same engcon companies for alleged infringement of the same patent. In March 2025, the Patent and Market Court of Appeal announced that there was no patent infringement by engcon or its subsidiaries and dismissed Rototilt’s action.

engcon will evaluate the lawsuits.
