### Information about PMD

PMD develops and sells medical products for respiratory monitoring. Its primary product is RespiraSense™, a solution used for monitoring respiratory rate to detect deterioration of a patient's general condition early and to avoid preventable respiratory failure and adverse patient outcomes. RespiraSense™ is, to the PMD's knowledge, the world's only continuous, motion-tolerant respiratory rate monitor delivering class-leading reliability in measuring respiratory rate. PMD received FDA approval for RespiraSense™ in 2022. RespiraSense™ is a novel technology and today used in 25 hospitals across United Kingdom and Ireland. PMD seeks to continue increasing its market share in the United Kingdom, with Germany and the United States to follow with initial market access activities.
