

Ringtjänst i Arlöv joins CTS, extending the Group's reach in Skåne

Last year, Colmec, Lapin Kumi, and several tire shops across Sweden and Finland came together to form a new tire services group, which is currently operating under the working name CTS. Today, Ringtjänst i Arlöv is announcing its accession to CTS.

Ringtjänst i Arlöv has a history spanning more than 60 years. Originally founded by Ivar Andersson in 1962 and later taken over by his son Tore in 1980, the business was acquired by Jonas Petersson in March 2009. Under Jonas' stewardship, Ringtjänst i Arlöv has achieved strong growth in the Malmö area and more than doubled its revenue. In 2015, the company moved to a larger location where it today serves all vehicle types with a workforce of seven persons. The success is based on significant customers dedication, knowledge and a well-invested machine park. As part of the growth, Daniel Möller and Fredrik Pettersson joined as co-owners in 2022 and 2024, respectively.

"We are extremely happy to welcome this group of service-minded entrepreneurs to the CTS Group. Ringtjänst i Arlöv has over the years established itself as one of the leading tire workshops in the south of Sweden. Looking forward to working with Jonas, Daniel, Fredrik and the rest of the team as we continue to grow in Skåne." says David Boman, CEO of CTS Group.

"We have managed to double in size since we took over the company in 2009. Now it is time to make the next leap in our development and we look forward to growing together with the rest of the team in the CTS Group. This alliance opens up new possibilities for our business and helps us expand the service offering to our customers" says Jonas Petersson, co-owner of Ringtjänst i Arlöv.

Ringtjänst i Arlöv will continue to operate under the same name as well as with the same team and affiliations. Jonas, Daniel and Fredrik will remain operational in the company and become co-owners of CTS.

About CTS

CTS is the working name for a new circular, customer-centric tire services group. We help vehicle users maximize uptime and mileage by servicing tires in a convenient and life-extending manner. For commercial vehicle tires, we operate a fully circular model – extending the useful life of tires well beyond their normal lifespan.

We are home to 700 employees across Sweden, Finland, Norway, and Poland. We operate 47 tire shops and 5 retreading facilities. Our mission is to keep society moving in a seamless, less wasteful way
