

OLOF STRANDING APPOINTED INTERIM CEO OF SCANDIDOS

ScandiDos AB announces that Olof Stranding has been appointed Interim CEO of ScandiDos, effective 21 September 2026.

Olof Stranding is based in Uppsala and brings extensive experience from senior leadership positions, including as CFO and CEO of listed technology companies, most recently as CEO of Acuvi AB, listed on Nasdaq First North. Olof holds a degree in Business and Economics from Uppsala University and succeeds Anders Murman, who has acted as Acting CEO since 6 May. Anders will leave the company no later than 31 December 2026 to pursue new challenges.

"Olof Stranding's solid experience as both CFO and CEO in technology companies makes him well suited for this role. The Board is appointing an Interim CEO for twelve to eighteen months to drive the change programme and strengthen profitability, while giving us time to conduct a thorough recruitment process for a permanent CEO. The Board also wishes to extend its sincere thanks to Anders Murman for his contribution as Acting CEO," says Fredrik Ljungberg, Chairman of the Board.

"ScandiDos has strong products and a well-regarded brand. I look forward to getting to know the business closely and, together with the employees and the Board, contributing my experience to strengthen the company's commercial focus and build sustainable, profitable growth," says Olof Stranding.

"I am proud of what we have achieved together during this period, and I look forward to continued good cooperation with Olof and the rest of the team for the remainder of the year," says Anders Murman.
