Resolution on approval of the transfer of shares in Preservium Property AB to PPI Public Property Invest AB (publ) (item 7)

On 29 September 2026, PPI Public Property Invest AB (publ), reg. no. 559547-5061, ("**PPI**") announced a public offer to the shareholders of Preservium Property AB, reg. no. 559323-9733, ("**Preservium**") to acquire all common shares in Preservium. The common shares in Preservium are admitted to trading on Spotlight Stock Market and on 30 September 2026 PPI announced that the consideration in the offer had been increased (the "**Preservium Offer**").

Press Release
12 November 2026 23:01:00 CET

SBB holds, directly or indirectly, 1,607,061 common shares in Preservium, corresponding to approximately 35 per cent of the outstanding shares and votes in Preservium. SBB has stated that it is positive to the Preservium Offer, but has not entered into any undertaking, or other arrangement, to accept the Preservium Offer. SBB's ability to accept the Preservium Offer is contingent upon, among other things, a resolution at a general meeting of SBB. Completion of the Preservium Offer by PPI is conditional upon, *inter alia*, the general meeting of PPI resolving on the necessary resolutions regarding PPI being permitted to acquire the shares that SBB holds, directly or indirectly, in Preservium within the scope of the Preservium Offer (SBB's transfer, directly or through subsidiaries, of such shares is hereinafter referred to as the "**Preservium Transaction**").

Pursuant to Chapter 16 a of the Swedish Companies Act, material transactions between a public limited liability company whose shares are admitted to trading on a regulated market and its related parties shall be submitted to the general meeting for approval (with certain exceptions). PPI is considered a related party to SBB pursuant to Chapter 16 a, Section 3 of the Swedish Companies Act. The Preservium Transaction is therefore conditional upon, *inter alia*, approval by the extraordinary general meeting of SBB. In addition, completion of the Preservium Offer is conditional upon, *inter alia*, the necessary approvals from authorities, including from the Swedish Inspectorate of Strategic Products.

The board of directors of SBB has submitted a statement in connection with the proposal above regarding the Preservium Transaction, which will be made available no later than three weeks before the meeting as set out below.

In view of the above, and taking into account the board of directors' statement, the board of directors proposes that the extraordinary general meeting approves the Preservium Transaction.

A valid resolution under this item 7 requires that the resolution is supported by shareholders representing more than half of the votes cast. Shares held by companies within the same group as PPI, and shares held by Aker ASA or companies within the same group as Aker ASA, will, in accordance with generally accepted practice in the stock market, not be taken into account at the voting.

Resolution on approval of the transfer of shares in Origa Care AB (publ) and One Publicus Fastighets AB, respectively, to PPI Public Property Invest AB (publ) (item 8)

On 29 September 2026, PPI announced its intention to make two separate and independent public takeover offers to the shareholders of Origa Care AB (publ), reg. no. 559170-6030, ("**Origa Care**") and One Publicus Fastighets AB, reg. no. 559083-3934, ("**One Publicus**"), respectively, to acquire all shares in each company and, on 14 October 2026, made binding offers to the shareholders of Origa Care and One Publicus, respectively (the "**Origa Care Offer**" and the "**One Publicus Offer**", respectively, and jointly the "**Offers**"). The consideration in the Origa Care Offer corresponds to EUR 9 per share in Origa Care and the consideration in the One Publicus Offer corresponds to SEK 110 per share in One Publicus. The consideration in each Offer consists of 70 per cent newly issued common shares in PPI, issued at a subscription price of SEK 25.67 per share, and 30 per

cent cash. Upon full acceptance of the Origa Care Offer, the consideration would amount to approximately SEK 78.1 million in cash and approximately SEK 182.1 million in the form of approximately 7,095,344 newly issued common shares in PPI. Upon full acceptance of the One Publicus Offer, the consideration would amount to approximately SEK 54.5 million in cash and approximately SEK 127.3 million in the form of approximately 4,957,636 newly issued common shares in PPI.

PPI holds, through its wholly-owned subsidiary PPI Sverige AB, reg. no. 559515-3387, ("**PPI Sverige**") 10,000 shares in Origa Care, corresponding to approximately 0.3 per cent of the shares and votes in Origa Care, and 942,740 shares in One Publicus, corresponding to approximately 36.3 per cent of the shares and votes in One Publicus.

SBB holds, directly or indirectly, 870,655 shares in Origa Care, corresponding to approximately 34.0 per cent of the outstanding shares and votes in Origa Care, and 810,470 shares in One Publicus, corresponding to approximately 31.2 per cent of the outstanding shares and votes in One Publicus. SBB's ability to accept the Offers is subject to, *inter alia*, a resolution at a general meeting of SBB. Completion of each Offer by PPI is conditional upon, *inter alia*, a general meeting of PPI adopting the necessary resolutions to permit PPI to acquire the shares in Origa Care and One Publicus, respectively, held, directly or indirectly, by SBB within the framework of each Offer (SBB's transfer, directly or through subsidiaries, of such shares in Origa Care is hereinafter referred to as the "**Origa Care Transaction**" and SBB's transfer, directly or through subsidiaries, of such shares in One Publicus is hereinafter referred to as the "**One Publicus Transaction**"). PPI intends to complete the One Publicus Offer through PPI Sverige, and the Origa Care Offer through PPI Finland Holding AB, reg. no. 559442-1819, both of which are wholly-owned subsidiaries of PPI.

As set out under item 7 above, PPI is considered a related party to SBB pursuant to Chapter 16 a, Section 3 of the Swedish Companies Act. The Origa Care Transaction and the One Publicus Transaction are therefore conditional upon, *inter alia*, approval by the extraordinary general meeting of SBB.

The board of directors of SBB has submitted a statement in connection with the proposal above regarding the Origa Care Transaction and the One Publicus Transaction, which will be made available no later than three weeks before the meeting as set out below.

In view of the above, and taking into account the board of directors' statement, the board of directors proposes that the extraordinary general meeting approves the Origa Care Transaction and the One Publicus Transaction.

It is proposed that the general meeting adopts separate resolutions regarding the Origa Care Transaction and the One Publicus Transaction, respectively, which are not conditional upon each other.

Press Release
12 November 2026 23:01:00 CET

Valid resolutions under this item 8 require that each resolution is supported by shareholders representing more than half of the votes cast. Shares held by companies within the same group as PPI, and shares held by Aker ASA or companies within the same group as Aker ASA, will, in accordance with generally accepted practice in the stock market, not be taken into account at the respective voting.

Resolution regarding (a) reduction of the share capital by cancellation of the Company's own D shares, (b) increase of the share capital through a bonus issue simultaneously with the cancellation of the Company's own D shares, (c) acquisition of own D shares, (d) authorisation for the board of directors to resolve on a new issue of B shares with payment through set-off, (e) reduction of the share capital through the redemption of D shares and (f) increase of the share capital through a bonus issue simultaneously with the redemption of D shares (item 9)

Background
As announced by SBB in a press release on 15 September 2026, the board of directors has proposed to carry out a buy-back and subsequent redemption of the Company's D shares as part of its efforts to unlock value for all shareholders, regardless of share class. The proposal was not adopted by the extraordinary general meeting held on 23 October 2026, despite the support, by way of postal votes, of 92 per cent of the total shares represented at the meeting, as two-thirds (2 /3) of all D shares represented at the meeting did not vote in favour of the proposal.

The board of directors is of the view that the shareholders should be given the opportunity to reconsider the proposal regarding the buy-back offer and the subsequent redemption of all of the Company's D shares with the same consideration. This new proposal includes a clear timetable for the implementation of the various steps and the payment of the consideration.

The D shares differ from preference shares, as preference shares carry a preferential right to dividends. The D share is an ordinary share that, if a dividend is resolved upon by the general meeting, entitles the holder to a dividend in relation to the dividend on the Company's A and B shares. D shares are entitled to five (5) times the total dividend on A and B shares. In addition, a dividend restriction limits the dividend per D share to a maximum of SEK two (2) per share per year. If the dividend per D share falls below SEK two (2) per year, the dividend restriction is raised accordingly going forward until the surplus has been distributed, after which it reverts to SEK two (2). The dividend restriction thus constitutes a limit on the maximum dividend per D share, but does not represent any accrued coupon interest or dividend entitlement.

The dividend on the D shares is thus always a function of the dividend on the A shares and the B shares, and considering the current dividend restriction, the dividend entitlement of the D shares (following the end of the third quarter of 2026) may be summarised as follows: the D shares are entitled to five (5) times the total dividend on A and B shares, subject to a maximum of SEK five (5) per share per year (until the surplus above the ordinary dividend restriction has been distributed, after which it reverts to a maximum of SEK two (2) per share per year). If no dividend is resolved on the Company's A and B shares, the D shares are not entitled to any dividend.

Press Release
12 November 2026 23:01:00 CET

The board of directors still considers that the proposal – which entails the complete phasing out of the D shares as a class through the Buy-back Offer (as defined below) and the subsequent mandatory redemption – is the best available option for permanently restoring the Company's fundamental ability to raise capital through a simpler capital structure, offering the market an attractive listed share class, and creating and realising shareholder value. This simplified share capital structure benefits all shareholders, including holders of D shares, who are given the opportunity to, at a premium to the current share price, either receive cash consideration or continue to participate in the Company's future value creation by switching to B shares.

All resolution items under this item 9 are conditional upon one another, and the board of directors proposes that the meeting's resolution under this item 9 be adopted as a combined resolution. A valid resolution under this item 9 therefore requires the majority prescribed by Chapter 20, Section 5 of the Swedish Companies Act. This means that approval of the proposals requires the support of a majority comprising (i) two-thirds (2/3) of all votes and shares represented at the meeting, and (ii) two-thirds (2/3) of all D shares represented at the meeting.

The distributable amount available to the meeting amounts to SEK 13,339,369,333. The resolutions below will result in a reduction of the distributable amount of at most SEK 1,204,475,912.42042.

(a) Reduction of the share capital by cancellation of the Company's own D shares

The board of directors proposes that the meeting resolves that the Company's share capital be reduced by SEK 4,465,777.9 by cancellation of all 44,657,779 D shares already held by the Company. The purpose of the reduction is for allocation to unrestricted shareholders' equity.

The reduction of the share capital may be carried out without authorisation from the Swedish Companies Registration Office or, in disputed cases, a general court, as the Company is simultaneously carrying out a bonus issue under item (b) in an amount corresponding to the reduction of the share capital as set out above. Collectively, these measures mean that neither the Company's restricted shareholders' equity nor its share capital is reduced.

The proposal is supplemented by a report pursuant to Chapter 20, Section 12, third item of the Swedish Companies Act, an auditor's statement pursuant to Chapter 20, Section 12, fourth item of the Swedish Companies Act, a report pursuant to Chapter 20, Section 13 of the Swedish Companies Act and an auditor's statement pursuant to Chapter 20, Section 14 of the Swedish Companies Act.

(b) Increase of the share capital through a bonus issue simultaneously with the cancellation of the Company's own D shares

Press Release
12 November 2026 23:01:00 CET

In order to restore the share capital following the proposed reduction of the share capital under item (a), the board of directors proposes that the meeting simultaneously resolves that the Company's share capital be increased through a bonus issue of SEK 4,465,777.9 by transferring SEK 4,465,777.9 from the Company's unrestricted shareholders' equity. No new shares will be issued in connection with the increase of the share capital. Following the bonus issue, the Company's share capital will amount to SEK 181,304,348.4 and the quota value of each share will change from SEK 0.1 to approximately SEK 0.102525.

The proposal is supplemented by a report pursuant to Chapter 12, Section 7, third item of the Swedish Companies Act and an auditor's statement pursuant to Chapter 12, Section 7, fourth item of the Swedish Companies Act.

(c) Acquisition of own D shares

The board of directors proposes that the meeting resolves to offer the D shareholders to sell up to all of the outstanding 149,208,126 D shares to the Company (the "**Buy-back Offer**"). Through the Buy-back Offer, D shareholders are offered, as consideration, either to (i) receive a promissory note that for each D share entitles to set-off against 1.567 newly issued B shares or (ii) receive a one-off cash payment of SEK 7.94 per D share, which corresponds to a premium of (i) 29.11 per cent relative to the closing price of the D share on Nasdaq Stockholm on 23 October 2026, which was the day the intention to convene a new extraordinary general meeting was announced, (ii) 45.42 per cent relative to the closing price of the D share on Nasdaq Stockholm on 14 September 2026, which was the day before the Buy-back Offer was initially announced, and (iii) 33.47 per cent relative to the volume-weighted average price of the D share over the last 20 trading days (SEK 5.95) before the initial announcement. The cash consideration also exceeds the 2#year volume-weighted average price (SEK 7.75) before the initial announcement and the price under SBB's share buy-back programme in June 2024 (SEK 7.87).

The Buy-back Offer shall be implemented as soon as possible after cancellation of the Company's own D shares under item (a) and the bonus issue under item (b) have been carried out, but no later than 7 January 2027. The board of directors therefore proposes that the board of directors be authorised to determine the application period, which shall close no later than 28 December 2026, and the timing for implementation of the Buy-back Offer, which shall take place no later than 7 January 2027.

The purpose of the Buy-back Offer, together with the subsequent mandatory redemption under item (e), is to permanently restore the Company's fundamental ability to raise capital through a simpler capital structure, offer the market an attractive listed share class, and create and realise shareholder value.

Press Release
12 November 2026 23:01:00 CET

The proposal is supplemented by a reasoned statement pursuant to Chapter 19, Section 22 of the Swedish Companies Act, a report pursuant to Chapter 19, Section 24, third item of the Swedish Companies Act and an auditor's statement pursuant to Chapter 19, Section 24, fourth item of the Swedish Companies Act.

(d) Authorisation for the board of directors to resolve on a new issue of B shares with payment through set-off

The board of directors proposes that the meeting resolves to authorise the board of directors to, on one or more occasions no later than 7 January 2027, resolve on a new issue of B shares. Subscribed B shares must be paid for through set-off. The authorisation shall be limited so that the board of directors may not resolve on issues of B shares for any purpose other than to offer B shares as consideration under the Buy-back Offer. If the board of directors resolves on a new issue of B shares with deviation from the shareholders' preferential rights, the reason for the deviation shall be to enable set-off of promissory notes issued under the Buy-back Offer.

(e) Reduction of the share capital through the redemption of D shares

The board of directors proposes that the meeting resolves that the Company's share capital be reduced by SEK 15,297,614.0804164 (taking into account the quota value following the bonus issue under item (b) (approximately SEK 0.102525)) through a mandatory cancellation (redemption) of all 149,208,126 D shares not cancelled under item (a). The redemption will be carried out as soon as possible after (i) cancellation of the Company's own D shares under item (a) and the bonus issue under item (b) have been carried out, and (ii) the Buy-back Offer under item (c) has been implemented. The purpose of the reduction is repayment to shareholders and, to the extent the reduction of the share capital is made through cancellation of the Company's own shares, allocation to unrestricted shareholders' equity.

A redemption amount of SEK 7.94 will be paid for each share cancelled. However, cancelled shares held by the Company will be cancelled without repayment. The repayment per share exceeds the quota value of the share following the bonus issue under item (b) (approximately SEK 0.102525) by approximately SEK 7.837475.

It is proposed that the board of directors be authorised to determine the record date for redemption of all D shares cancelled under this item to no later than 12 January 2027. Payment of the redemption amount will be made three (3) banking days after the determined record date.

The reduction of the share capital may be carried out without authorisation from the Swedish Companies Registration Office or, in disputed cases, a general court, as the Company is simultaneously carrying out a bonus issue under item (f) in an amount corresponding to the reduction of the share capital as set out above. Collectively, these measures mean that neither the Company's restricted shareholders' equity nor its share capital is reduced.

Press Release
12 November 2026 23:01:00 CET

The proposal is supplemented by a reasoned statement pursuant to Chapter 20, Section 8, first paragraph of the Swedish Companies Act, an auditor's statement pursuant to Chapter 20, Section 8, second paragraph of the Swedish Companies Act, a report pursuant to Chapter 20, Section 12, third item of the Swedish Companies Act, an auditor's statement pursuant to Chapter 20, Section 12, fourth item of the Swedish Companies Act, a report pursuant to Chapter 20, Section 13 of the Swedish Companies Act and an auditor's statement pursuant to Chapter 20, Section 14 of the Swedish Companies Act.

(f) Increase of the share capital through a bonus issue simultaneously with the redemption of D shares

In order to restore the share capital following the proposed reduction of the share capital under item (e), the board of directors proposes that the meeting simultaneously resolves that the Company's share capital be increased through a bonus issue of SEK 15,297,614.0804164 by transferring SEK 15,297,614.0804164 from the Company's unrestricted shareholders' equity. No new shares will be issued in connection with the increase of the share capital. Following the bonus issue, the Company's share capital will amount to SEK 181,304,348.4 (disregarding any new issue of B shares made on the basis of the issue authorisation under item (d)) and the quota value of each share will change from approximately SEK 0.102525 (the quota value following the bonus issue under item (b)) to approximately SEK 0.111973.

The proposal is supplemented by a report pursuant to Chapter 12, Section 7, third item of the Swedish Companies Act and an auditor's statement pursuant to Chapter 12, Section 7, fourth item of the Swedish Companies Act.
