PRESS RELEASE 16 July 2026 16:00:00 CEST

ABELCO INITIATES WORK TO STRENGTHEN ITS CAPITAL STRUCTURE AND DEVELOP ITS INVESTMENT PORTFOLIO

Following the completion of the Annual General Meeting, Abelco Investment Group AB ("Abelco" or the "Company") has initiated work to strengthen its capital structure, increase its financial flexibility and further develop its investment portfolio.

Together with the Board of Directors and the Company's advisers, Abelco has prepared the measures required for the next phase of the Company's capital structure and strategic development. The resolutions adopted at the general meeting constitute an important part of this process and are intended to adjust the Company's capital structure and quota value, while strengthening its financial and strategic flexibility.

The Company is now awaiting completion of the required governmental, regulatory and corporate law registrations before the next steps can be implemented.

The work is intended to create improved conditions for developing the investment portfolio, pursuing new investment opportunities and strengthening the Company's overall financial capacity. Abelco sees particular long-term potential in AI-related investments and is evaluating additional opportunities in this area, alongside the Company's existing AI exposure.

Abelco will provide further information as the process progresses, including when the required registrations have been completed, relevant decisions have been made or other information becomes subject to disclosure.
