

NIBE INDUSTRIER AB HAS APPOINTED JONAS BJUHR AS NEW MANAGING DIRECTOR OF NIBE AB IN MARKARYD

NIBE Industrier AB today announces the appointment of Jonas Bjuhr as the new Managing Director of NIBE AB in Markaryd. Jonas will take up his new role on December 4 and assume operational responsibility for the continued development of NIBE AB – the largest company both within NIBE Industrier AB and within Business Area NIBE Climate Solutions.

The appointment is part of the continued development of NIBE AB and is intended to strengthen the company's operational focus, long-term competitiveness and continued growth. As a central part of NIBE Group, NIBE AB plays an important role in the Group's development of energy-efficient solutions for a more sustainable society. Until now, the Group CEO has formally also served as Managing Director of NIBE AB, while operational responsibility has been shared with the Head of Business Area NIBE Climate Solutions.

"We are very pleased to welcome Jonas Bjuhr as the new Managing Director of NIBE AB. With his extensive industrial background and international experience, Jonas is well equipped to lead the company's continued development," says Gerteric Lindquist, Managing Director and CEO of NIBE Industrier AB.

Jonas Bjuhr joins NIBE AB from Hydro, where he has held several senior positions during his 25 years with the company, most recently as Vice President of the Precision Tubing business area in Asia. Jonas holds an MSc in Materials Engineering from KTH Royal Institute of Technology in Stockholm and has extensive experience of leadership, international operations and industrial development.

"I am very much looking forward to joining NIBE and getting to know the people across the organization. NIBE has an impressive history, a strong culture and a clear focus on development. I look forward to working together with the organization to build on what has already been achieved and take NIBE AB forward," says Jonas Bjuhr.

"I look forward to welcoming Jonas to NIBE Climate Solutions. His experience and leadership skills will be valuable in the continued development of NIBE AB," says Simon Karlin, Head of Business Area Climate Solutions within NIBE Industrier AB.

The appointment does not entail any changes to the Group management of NIBE Industrier AB.

The information was submitted for publication, through the agency of the persons below, at 2.30 PM CEST on 17 August 2026.

About Us

NIBE Group

– an international Group with companies and a presence worldwide

The NIBE Group is an international company that contributes to a reduced carbon footprint and better utilization of energy. In our three business areas – Climate Solutions, Element and Stoves – we develop, manufacture and market a wide range of environmentally friendly, energy-efficient solutions for indoor climate comfort in all types of properties, plus components and solutions for intelligent heating and control in industry and infrastructure.

Since its beginnings in the town of Markaryd in the Swedish province of Småland more than 70 years ago, NIBE has grown into an international company with an average of 20,500 (20,600) employees and an international presence. From the very start, the company has been driven by a strong culture of entrepreneurship and a passion for corporate responsibility. Its success factors are long-term investments in sustainable product development and strategic acquisitions. Combined, these factors have brought about strong, targeted growth, which generated sales exceeding SEK 40,8 (40) billion in 2025.

NIBE has been listed under the name NIBE Industrier AB on the Nasdaq Stockholm Large Cap list since 1997, with a secondary listing on the SIX Swiss Exchange since 2011.
