## PRESS RELEASE

23 January 2026 08:30:00 CET

## NIMBUS GROUP'S BRAND FALCON LAUNCHES THE ALL-NEW FALCON BRs6 AND BRs7

Nimbus Group AB (publ) brand Falcon is now launching the BRs6 and BRs7, an evolution of the brand's best-selling aluminum boats, BR6 and BR7. The BRs6 and BRs7 feature a completely redesigned seating layout with L-shaped aft benches and optimized storage compartments. Production of Falcon's models has been moved to Poland, and these new models will be the first to be manufactured there.

The new models from the Falcon brand will be showcased at the upcoming international boat show in Helsinki, VENE 26 (February 6-15), where a range of other models will also be on display, including the Falcon BRs 4, BR 5, BR 6, BR 7, and Falcon C7. Boats from Nimbus Group's Aquador brand will also be featured, including the 250 HT and 400 HT, and there will additionally be the Finnish premiere of the 300 HT in its outboard version.

Falcon's boats are highly versatile, suitable for fishing, water skiing, and family outings. The combination of aluminum and fiberglass creates a durable boat that is easy to maintain. These boats are aimed at owners who value versatility and durability while also seeking exceptional driving experience. The V-shaped hull ensures stable, smooth, and calm handling in all conditions. Falcon boats offer predictable performance and a quiet ride. The all-new BRs6 and BRs7 will be sold in parallel with Falcon BR6 and Falcon BR7.
