1 Background

Go North is an e-commerce aggregator. Go North acquires and scales brands on Amazon and thereby building a portfolio of Amazon brands within different segments such as sport and outdoors, health and personal care, home and garden, pet supplies and toys and games.

On 12 September 2024, Go North announced through press release that it had filed for company reorganisation (Sw. *företagsrekonstruktion*) in accordance with the Swedish company reorganisation act (Sw. *lag (2022:964) om företagsrekonstruktion*) at the Gothenburg District Court (Sw. *Göteborg tingsrätt*) (the “**Company Reorganisation**”). The application was approved by the court on 16 September 2024. Go North has requested an extension of the Company Reorganisation at additional occasions with three months each time. Go North is thus still under the Company Reorganisation.

In parallel with the Company Reorganisation, a group of holders of the Backstop Fee Notes at the date hereof representing more than 2/3 of the Total Nominal Amount (the “**Bondholder Committee**”) was organised and formalised through a written procedure which was concluded on 18 March 2025, for the purpose of *inter alia* holding discussions with Go North on the treatment of the Backstop Fee Notes and other secured debts in connection with the Company Reorganisation. Separately around this date, bondholder committees for each of Go North’s other debt instruments, (i) the maximum USD 26,180,000 senior secured floating rate bonds 2024/2026 with ISIN NO0013165845 (Cash Tranche) and NO0013165852 (Set-off Tranche) dated 26 February 2024 (the “**Super Senior Bonds**”) and (ii) the maximum of equivalent to SEK 550,000,000 senior secured fixed rate bonds 2023/2027 with ISIN NO0012829847 (SEK Tranche) and NO0012829854 (USD Tranche) originally dated 6 February 2023 and amended and restated 26 February 2024 (the “**Old Senior Bonds**”, and jointly with the Backstop Fee Notes and the Super Senior Bonds the “**Existing Bonds**”) were established on the same terms as for the Bondholder Committee (the “**Other Committees**”) through separate written procedures under each respective bond.

On 16 September 2025, Go North announced through press release that a reorganisation plan has been prepared for the Company Reorganisation, which plan was submitted to the district court on 17 September 2025 (the “**Reorganisation Plan**”). The Reorganisation Plan has the support of the Bondholder Committee and the Other Committees and entails a debt restructuring and ownership change, including *inter alia*, (i) certain amendments to the terms and conditions of the Super Senior Bonds, (ii) a debt-to-equity swap following which the Bondholders and other certain holders of Existing Bonds will ultimately become shareholders of the Issuer (certain of the existing indirect shareholders will also be offered to invest), and (iii) a write down of the Old Senior Bonds and the other Existing Bonds.

Furthermore, in order to achieve viable financial conditions for the Issuer until Closing (as defined below) and following the Company Reorganisation, an interim financing arrangement pursuant to which around SEK 30 million (depending on the exchange rate) will be provided to the Issuer in two tranches to support business operations during the period leading up to the closing of the Company Reorganisation (“**Closing**” shall occur at the latest four weeks after the Reorganisation Plan has gained legal force).

The Request (as defined below) reflects and enables the necessary actions to be carried out under the Company Reorganisation and in connection therewith.

2 Request

The Bondholders are hereby requested to approve the Reorganisation Plan and all other actions contemplated in connection therewith or described in this Notice (the “**Transaction**”) by way of consenting to the proposals set out in this Section 2 (*Request*) (the “**Request**”).

The Agent has been informed that members of the Bondholder Committee, representing more than 2/3 of the Adjusted Nominal Amount, have expressed their approval for the Request.

2.1 Transaction Structure

The Transaction will be carried out mainly as described in this Section. The exact and detailed structure for how the Transaction will be effectuated is however, subject to further analysis and review. Therefore, certain details of the Transaction may be carried out through other means than as described in this Notice, provided that the result of such altered structure, in the opinion of the Bondholder Committee (without assuming any liability), is consistent with the principles as set out in this Notice.

All numbers stated in this Notice are approximate numbers which may be subject to rounding when the final details of the Transaction are set in order to achieve fair allocation of the bonds to be rolled-over, and the shares to be issued and/or transferred as part of the Transaction.

2.1.1 Escrow Account and Interim Financing Arrangement and the Super Senior RCF

It has been agreed to implement an interim financing arrangement to support the business operations during the period until Closing (the **"Interim Financing Arrangement"**). Under the Interim Financing Arrangement, it is contemplated to provide financing in a total amount of around SEK 30,000,000 (depending on the exchange rate) which will be made available to the Issuer in two tranches:

- (i) In the first tranche, all funds on the Escrow Account that remains after the Loan Purchase (as defined below), estimated to be around SEK 15,000,000 (depending on the exchange rate), will be released from the Escrow Account (the **"Escrow Account Release"**) by all holders of the Cash Tranche of the Super Senior Bonds (the **"Cash Tranche Bondholders"**) and be made available to the Issuer as an interim loan after the successful completion of this Written Procedure and the written procedures under the other Existing Bonds (the **"Initial Loan"**). The Initial Loan will have a draw down mechanic and consequently all funds will not be released at the same occasion. The Bondholder Committee shall be authorised to approve a release of funds (all funds or parts and on one or several occasions) and until released, unreleased funds shall remain on the Escrow Account. The Initial Loan will be provided to the Issuer as an increase of the nominal amount under the Super Senior RCF (the Super Senior RCF and the Initial Loan jointly being the **"New Super Senior Debt"**). The Initial Loan part of the New Super Senior Debt shall carry an effective interest of 10% p.a. (which may be achieved through an initial issue discount, adjustment of interest or in any other similar way that achieves the same purpose). The New Super Senior Debt shall rank senior to the Existing Bonds, but junior to the New Money (as defined below).
- (ii) In the second tranche, SEK 15,000,000 (the **"New Money"**) will be provided as new money by certain holders of Existing Bonds (the **"New Money Providers"**). The New Money will prior to the plan hearing in the Company Reorganisation be placed on a new escrow account with the Agent awaiting release. The New Money will be released and made available to the Issuer when the Reorganisation Plan gains legal force and the provision of the New Money is also subject to the successful completion of this Written Procedure and the written procedures under the other Existing Bonds. The New Money shall rank senior to all existing debt in the Issuer (i.e. senior to both the New Super Senior Debt and the Existing Bonds).

An agreement was entered into with the lender of the Super Senior RCF, under which the Cash Tranche Bondholders agreed to purchase the Super Senior RCF and any and all rights and obligations in relation thereto (the **"Loan Purchase"**). In connection with the Loan Purchase, the Cash Tranche Bondholders have requested that an amount corresponding to the purchase price of the Super Senior RCF shall be released from the Escrow Account for application towards amortisation of the Cash Tranche of the Super Senior Bonds, but transferred directly to the current lender under the Super Senior RCF as consideration for the purchase of such debt. In connection with the Loan Purchase, a new instrument may be issued at par for the Super Senior RCF in the CSD to the purchasers of the Super Senior RCF, i.e., to the Cash Tranche Bondholders, for the purpose of reflecting the Loan Purchase. The Initial Loan will be implemented in the same manner, i.e., that the Cash Tranche Bondholders will request that an amount corresponding to the Initial Loan shall be released from the Escrow Account for application towards

amortisation of the Cash Tranche of the Super Senior Bonds, but transferred directly to the Issuer to form part of the Super Senior RCF (i.e. constituting the New Super Senior Debt). In connection with a release to the Issuer, instruments in the CSD will be issued to the Cash Tranche Bondholders to reflect such release.

At Closing, the New Super Senior Debt including all accrued interest (excluding any cash interest that may have been paid on the Initial Loan up until Closing), shall be converted to a new super senior debt. The New Super Senior Debt shall rank senior to the Existing Bonds, but junior to the New Money Instrument, carry an interest of 10% p.a. and have a tenor of four (4) years from Closing. The New Super Senior Debt will not contain any financial covenants. The Bondholder Committee is authorised to prepare and approve the terms and conditions for the New Super Senior Debt.

Prior to Closing, the New Money will be documented as a facility agreement or another form of debt instrument (the **“New Money Instrument”**). At Closing the New Money Instrument shall have its tenor adjusted to four (4) years from Closing. The New Money Instrument shall carry an interest of 10% p.a. The New Money Instrument shall rank senior to all existing debt in the Issuer (i.e. senior to both the New Super Senior Debt and the Existing Bonds). At Closing the terms for the New Money Instrument and the New Super Senior Debt will also permit that an additional SEK 35 million may be provided under the New Money Instrument.

The Bondholders are hereby requested to acknowledge and approve of the implementation of the Interim Financing Arrangement and all actions and measures relating thereto, including the incurrence of new indebtedness and the amendments of the priority ranking under the Finance Documents as a result thereof.

Furthermore, in the period up until Closing, the Finance Documents (including the Intercreditor Agreement) have to be changed to reflect the actions and measures described in this Section 2.1.1. The Bondholder Committee is authorised to approve such amendments.

2.1.2 Write down of the Backstop Fee Notes

The outstanding Nominal Amount of the Backstop Fee Notes will be written down to an amount corresponding to the composition payment percentage in the Reorganisation Plan (i.e. 5 per cent.), which amount will then be subject to remission by the Bondholders (or any other suitable way that achieves the same purpose, including be used as payment for shares in the Issuer) in connection with the implementation of the New Share Structure (as defined below) and therefore forgiven and cancelled (the **“Write Down”**) (for the avoidance of doubt, any capitalised interest will be written down to zero).

The Bondholders are hereby requested to approve of the Write Down.

2.1.3 Treatment of the Super Senior Bonds

The Issuer will enter into amended and restated terms and conditions for the Super Senior Bonds (the **“Amended and Restated Super Senior Terms and Conditions”**) as further described in below, whereby a part of the Super Senior Bonds that is considered secured will be rolled over on new terms (the **“New Super Senior Bonds”**) in connection with Closing.

The remaining outstanding nominal amount of the Super Senior Bonds that is not rolled over or subject to the Debt to Equity Swap (as defined below) is considered unsecured in the Company Reorganisation and will thus be written down to an amount corresponding to the composition payment percentage in the Reorganisation Plan (i.e. 5 per cent.), which amount will then be subject to remission by the holders of the Super Senior Bonds (or any other suitable way that achieves the same purpose, including be used as payment for shares in the Issuer) in connection with the implementation of the New Share Structure (as defined below) and therefore forgiven and cancelled (the **“Write Down”**) (for the avoidance of doubt, any capitalised interest will be written down to zero).

The key amendments to the terms and conditions of the Super Senior Bonds are described below.

Maturity The final redemption date shall be extended by four (4) years from the date of Closing.

**Nominal
amount:**

The nominal amount for the New Super Senior Bonds shall be reduced to an estimated amount of approximately SEK 90,000,000, with the final amount to be determined at Closing subject to the maximum debt level set out in the Reorganisation Plan (the “**Debt Ceiling**”).

The Debt Ceiling entails that at Closing, the Issuer’s debt under the New Super Senior Debt (including the Initial Loan) and the New Money together with the New Super Senior Bonds (i.e., the part that is to be rolled over) shall not exceed SEK 175 million. As a consequence, the nominal amount under the New Super Senior Bonds at Closing will be adjusted and decided based on the Debt Ceiling.

The rollover of Super Senior Bonds to New Super Senior Bonds shall occur between the holders of Cash Tranche Bonds and Set-off Tranche Bonds respectively, with the Cash Tranche receiving best priority and will thus be calculated as follows:

- The nominal amount for the Cash Tranche in the New Super Senior Bonds, will be an amount that corresponds to the Nominal Amount of this tranche at Closing plus accrued and unpaid interest, deducted with the aggregate amount of the Escrow Account Release and the release of the funds from the Escrow Account for the Loan Purchase (the “**Cash Tranche Roll Over**”).
- The nominal amount for the Set-off Tranche in the New Super Senior Bonds, will be an amount that corresponds to such amount at Closing, subject to the remaining capacity available for New Super Senior Bonds considering the Cash Tranche Roll Over and the Debt Ceiling, i.e., being the amount that remains to be issued under the Debt Ceiling as New Super Senior Bonds after the amount for the Cash Tranche Roll Over have been finally decided in accordance with this Section.

Ranking:

The ranking of the New Super Senior Bonds shall be as follows:

- (a) Cash Tranche shall at all times rank (i) *senior* to the Set-off Tranche Bonds, (ii) *junior* to the New Money Instrument and the New Super Senior Debt pursuant to the terms of the Intercreditor Agreement and (iii) at least *pari passu* with all direct, unconditional and unsecured obligations of the Issuer, except those obligations which are mandatorily preferred by law.
- (b) Tranche shall at all times rank (i) *junior* to the New Money Instrument, the Cash Tranche Bonds and the New Super Senior Debt pursuant to the terms of the Intercreditor Agreement and (iii) at least *pari passu* with all direct, unconditional, unsubordinated and unsecured obligations of the Issuer, except those obligations which are mandatorily preferred by law.

Security:

The New Super Senior Bonds will benefit from the same security package as previously, however excluding the shares in the Issuer.

Interest:

The New Super Senior Bonds shall bear a fixed interest rate of 10 per cent per annum.

Interest will be accrued annually as payment-in-kind (“**PIK**”) interest. Such PIK interest shall be settled by the issuance of additional bonds corresponding to the accrued interest, which will be assigned a separate ISIN. The Issuer may however, elect to pay the interest in cash instead of PIK.

Notwithstanding the foregoing, a cash sweep mechanism will apply under which accrued PIK interest shall instead be paid in cash interest payments if the following financial conditions

are met (i) the Issuer's leverage ratio is below 4.0x Adjusted EBITDA, and (ii) the Issuer maintains a minimum cash balance of SEK 40 million.

No amortisation of principal will occur during the new (extended) term of the New Super Senior Bonds.

Other terms The New Super Senior Bond will not be listed. The New Super Senior Bonds will not contain any financial covenants. The detailed new terms and conditions will be decided in the period up until Closing. The Bondholder Committee shall be authorised to approve the new terms and conditions.

2.1.4 Intercreditor Agreement

As a result of the amendments to the Terms and Conditions for the New Super Senior Bonds, including the issuance of the New Money Instrument, the Issuer shall enter into an amended and restated Intercreditor Agreement (the "**Amended and Restated Intercreditor Agreement**") at Closing.

The Amended and Restated Intercreditor Agreement shall include amendments which reflects the Amended and Restated Super Senior Terms and Conditions, including the issuance of the New Money Instrument, and corresponding changes to creditor ranking, enforcement provisions, and the distribution waterfall, whereby the secured obligations owed by the Issuer to the Secured Parties shall rank as follows:

1. *Firstly*, all debt and other obligations in connection with the New Money Instrument
2. *Secondly*, all debt and other obligations in connection with the New Super Senior Debt; and
3. *Thirdly*, all debt and other obligations in connection with the New Super Senior Bonds.

The full-length Amended and Restated Intercreditor Agreement will be made available later.

2.1.5 Implementation of the New Share Structure

As part of the formal Reorganisation Plan and at Closing, the Issuer will carry out a debt to equity swap pursuant to which the part of the Super Senior Bonds that is considered secured but not rolled over on the Amended and Restated Super Senior Terms and Conditions), will be applied as payment by way of set-off against newly issued shares in the Issuer (the "**Debt to Equity Swap**"). In connection therewith, all existing shares currently held by the Issuer's existing shareholder will be redeemed and cancelled in full. In connection therewith, the Issuer will resolve on the implementation of a new share structure with ordinary shares and preference shares (or any other preferred equity instrument as the case may be) (the "**New Share Structure**" and shares implemented as part of the New Share Structure, "**New Shares**") (thereby replacing the Debt to Equity Swap share structure under the Reorganisation Plan) in line with what has been agreed among the holders of Existing Bonds. Following the New Share Structure, the ownership of the Issuer will be split between the ultimate holders of the Super Senior Bonds, certain other ultimate holders of Existing Bonds and the existing indirect shareholders of the Issuer (who has been invited to purchase shares in the New Share Structure against a consideration of SEK 500,000) as detailed below. The New Share Structure and the New Shares Claims Procedure (as defined below) will be implemented in the following manner (or in any other suitable way that achieves the same purpose).

There will be three (3) classes of shares in the Issuer in the New Share Structure: 1. Ordinary shares ("**Ordinary Shares**"), 2. Preference shares of series A ("**Pref A Shares**") and, 3. Preference shares of series B ("**Pref B Shares**"). The Ordinary Shares will carry one (1) vote each. The Pref A Shares and the Pref B Shares will carry ten (10) votes each.

Following the completion of the New Share Structure the, ownership of the Issuer shall be split between as follows (each group below an "**Allocation Group**"):

- (i) The Bondholders of the Set-off Tranche (i.e., the current Super Senior Bonds, Set-off Tranche):

- 25% of the New Shares (Pref A)
- (ii) Certain members of the Bondholder Committee and the Other Committees formed under the Existing Bonds¹:
 - 5% of the New Shares (Ordinary Shares)
- (iii) The Old Senior Bonds:
 - 12.5% of the New Shares (Ordinary Shares)
- (iv) Backstop Fee Notes:
 - 0% (i.e., the Backstop Fee Notes will not be entitled to any allocation of New Shares)
- (v) Bondholders of the Cash Tranche (i.e., the current Super Senior Bonds, Cash Tranche) that provides the funds for the Loan Purchase and the Initial Loan:
 - 27.5% of the New Shares (Ordinary Shares)
- (vi) Providers of the New Money:
 - 20% of the New Shares (Pref B)
- (vii) Certain of the existing indirect shareholders of the Issuer:
 - 10% of the New Shares against payment of a consideration of SEK 500,000 (Ordinary Shares)

The Pref A Shares will entitle to a preference ahead of all other shares in the issuer in the New Share Structure (the “**Preferential Amount**”). The Preferential Amount will be an amount that corresponds to the outstanding nominal amount of the Set-off Tranche of the Super Senior Bonds at Closing (including accrued unpaid interest) deducted with a sum that corresponds to the part of the Set-off Tranche of the Super Senior Bonds which is to be rolled over at Closing. The Preferential Amount shall compound with an annual interest rate of 8% annually.

The allocation of New Shares in item (i) above will be made to the ultimate holders of the Set-off Tranche of the Super Senior Bonds *pro rata* to their holdings on the Record Date for New Shares (as defined below). The allocation of New Shares in (iii) above will be made to the ultimate holders *pro rata* to their holdings on the Record Date for New Shares (as defined below). The allocation of New Shares in (v) above will be made to the ultimate holders *pro rata* to their holdings on the Record Date for New Shares (as defined below) (in the interest of clarity, the allocation will thus be made *pro rata* to the holdings on the Record Date for New Shares of the CSD affiliated instrument that reflects the Super Senior RCF, including the Initial Loan increase). The allocation of New Shares in (vi) will be made *pro rata* to the lenders of the New Money. Prior to Closing, more detailed information will be made available to the holders of how subscription of New Shares shall be effectuated. Such separate instructions will contain a date which entitle to allocation of New Shares (the “**Record Date for New Shares**”). A holder must evidence its holding on the Record Date for New Shares as instructed in order to be able to receive allocation.

Any New Shares in an Allocation Group that are not subscribed for, that are subscribed for in an incorrect manner, that cannot be delivered at Closing or for some other reason remains unsubscribed for, will be allocated to the other ultimate holders in such relevant Allocation Group *pro rata* in relation to received correct subscriptions of New Shares at Closing. Consequently and in the interest of clarity, New Shares in one Allocation Group that are not subscribed for will not be offered to ultimate holders in other Allocation Groups. There will be a possibility for ultimate holders to, subject to certain conditions (including that such ultimate holder enters into the Shareholders

Agreement), claim New Shares that they would have been entitled to, based on their holdings of Existing Bonds on the Record Date for New Shares, but which were not allocated to them at Closing due to lack of subscription or otherwise (“**Entitled Holders**” and such claims procedure being the “**New Shares Claims Procedure**”). The New Shares Claims Procedure will end six (6) months after Closing. Any Entitled Holder may during this period submit a claim to New Shares to the Issuer (a “**New Shares Claim**”). An Entitled Holder must evidence that it is an Entitled Holder through proof of holdings as per the Record Date for New Shares. After the expiry of the New Shares Claims Procedure, shares shall be issued to the ultimate holders that have an approved New Shares Claim. The aggregate subscription price in such issue of shares shall be the quotient value of the shares issued together with all costs for the issue. An Entitled Holder with an approved New Shares Claim will thus as subscription price pay its *pro rata* share of these costs. Post the conclusion of the New Shares Claims Procedure, the shares that will be issued in total to the Entitled Holders with an approved New Shares Claim, will correspond to such number of shares in the Allocation Groups that results in a cap table that shall be the equivalent of what the cap table had been immediately after Closing, if the Entitled Holders had subscribed for and been allocated shares at Closing instead of through the New Shares Claims Procedure. In the event any share changes, issue of shares, issue of other share related instruments, capital raisings through share related instruments (in all cases with the exception of any management incentive programmes) are carried out between the Closing and the expiry of the New Share Claims Procedure, these factors shall be taken into consideration in the allocation of shares in the New Shares Claims Procedure with respect to subscription price, allocation, number of shares issued or otherwise.

The allocation of New Shares will not be automatic and a holder of Bonds has to actively subscribe for New Shares (and be able to receive shares affiliated with Euroclear Sweden AB) in accordance with the principles in this Notice and the separate information to be provided.

The Bondholders are hereby requested to approve the implementation of the New Share Structure and all necessary measures in connection therewith, including the release of the pledge of the existing shares of the Issuer at Closing. By accepting this Request, the Bondholders also waive any Event of Default that may occur pursuant to the implementation of the New Share Structure under the Terms and Conditions.

2.1.6 Shareholders’ Agreement

A shareholders’ agreement will be prepared and shall be entered into by all holders of New Shares (the “**Shareholders’ Agreement**”). The Shareholders’ Agreement shall govern the ownership structure in the Issuer on terms that are customary for a transaction of this kind, including, *inter alia*, provisions pursuant to which Allocation Group (vii)’s holdings and influence (both directly and indirectly, in case any such person or entity is also a holder of the Existing Bonds) shall be limited to less than 10 per cent of the total votes and share capital in the Issuer. The full-length Shareholders’ Agreement will be made available later. The Shareholders’ Agreement may contain a management incentive programme structure, which may entail dilution of the New Shares.

The Bondholders who subscribe for and are allocated New Shares, are requested to confirm that they as new shareholders, will enter into the Shareholders’ Agreement and to authorise the Agent to, on behalf of such Bondholders that do not sign and enter into the Shareholders’ Agreement themselves, enter into and sign the Shareholders’ Agreement, as well as to approve and agree to the final full length form Shareholders’ Agreement (including any changes and amendments compared to the main terms described above) which the Agent deems necessary or appropriate (acting on the instructions of the Bondholder Committee).

2.1.7 Reorganisation Plan

The Reorganisation Plan will be presented and voted on at a creditors’ meeting (Sw. *plansammanträde*) to be held at the Gothenburg District Court on 20 October 2025.

The main terms and conditions in the Reorganisation Plan currently include the following actions:

- (a) a complete roll over of the outstanding amount of the New Super Senior Debt (i.e. the Super Senior RCF and the Initial Loan that will form part thereof) including accrued unpaid interest (that has not been paid in cash on the Initial Loan), with an adjusted maturity date corresponding to the extended Final Maturity Date of the New Super Senior Bonds;
- (b) a roll over of a part of the Super Senior Bonds that is considered secured on the Amended and Restated Super Senior Terms and Conditions, and the write down of the remaining outstanding nominal amount of the Super Senior Bonds that is considered unsecured (i.e. the part of the Super Senior Bonds which are not rolled over or subject to the Debt to Equity Swap), which amount shall be subject to remission (or any other suitable way that achieves the same purpose, including be used as payment for shares in the Issuer), as further set out in Section 2.1.3 above;
- (c) the Debt to Equity Swap, whereby the part of the Super Senior Bonds that is considered secured but not rolled over on the Amended and Restated Super Senior Terms and Conditions will be applied as payment by way of set-off against newly issued ordinary shares in the Issuer as further set out in Section 2.1.5 above;
- (d) the Interim Financing Arrangement, pursuant to which around SEK 30,000,000 (depending on the exchange rate) will be made available to the Issuer in two tranches, of which the first is the Escrow Account Release to be made upon the successful completion of this Written Procedure, and the second is the New Money provided by the New Money Providers as further set out in Section 2.1.1.
- (e) a write down of the Old Senior Bonds and Backstop Fee Notes to an amount corresponding to the composition payment percentage in the Reorganisation Plan, which amount shall be subject to remission (or any other suitable way that achieves the same purpose, including to be used as payment for new shares in the Issuer) by the Bondholders and the holders of Old Senior Bonds as further set out in Section 2.1.2; and
- (f) the remaining unsecured claims on the Issuer shall be subject to the composition payment percentage in the Reorganisation Plan

The Issuer hereby requests that the Bondholders (i) accept and agree to the Reorganisation Plan and (ii) authorises the Agent to (A) approve any amendments to the Reorganisation Plan as the Agent considers necessary or appropriate (acting on the instructions of the Bondholder Committee) and (B) vote in favour of the Reorganisation Plan (as it may be amended), (iii) authorises the Agent to take any and all measures to be able to vote for the Reorganisation Plan at creditors meetings for the Reorganisation Plan, including for the avoidance of doubt, representing the Bondholders in any appeals of the Reorganisation Plan (subject to such cost cover, funding or indemnities as it may reasonably require).

2.1.8 Internal Restructuring

Following the completion of the Company Reorganisation, the Issuer may from time to time evaluate different structural solutions and seek to implement certain internal restructuring measures within the Group in order to achieve a more cost-effective group structure and improve operational efficiency, including inter alia, intra-group transfers of subsidiaries, mergers and similar corporate actions, reorganisation of operations, and the potential establishment of a new companies within the Group in Sweden or abroad (the “**Internal Restructuring**”). Any such Internal Restructuring would not result in any change to the ultimate ownership of the Issuer and would at all times be made subject to the existing pledges, meaning that the transferee entity shall enter into a security confirmation agreement with the Security Agent pursuant to which it accedes to the relevant Transaction Security Documents as Pledgor.

The Issuer hereby requests that the Bondholders agree to the Internal Restructuring and that it shall be implemented in the new Finance Documents following completion of the Company Reorganisation, including any release of security necessary in order to implement the same and with respect to any transfer of shares or assets subject to the existing pledges, such transfers shall remain subject to the relevant security arrangements, meaning that the transferee entity shall enter into a security confirmation agreement with the Security Agent pursuant to which it accedes to the relevant Transaction Security Documents as Pledgor.

2.1.9 Potential Third Party Disposals

In connection with, or as a result of, any Internal Restructuring or otherwise in the period up until the Closing, the Issuer may also from time to time, for cost-efficiency reasons, liquidity purposes, or similar considerations, consider the disposal of certain assets within the Group to third parties outside the Group (the “**Third Party Disposals**”). Any such Third Party Disposal would in accordance with the Terms and Conditions at all times be conducted on arm’s length terms at fair market value, provided that it would not result in a material adverse effect on the Bondholders.

The Issuer hereby requests that the Bondholders approve of any Third Party Disposals, and with respect to any Third Party Disposals effected through the transfer of assets which are subject to the existing pledges, the Bondholders are requested to authorise holders representing at least 50% of the outstanding amount under each secured instrument to instruct the Agent, in their sole discretion, to release the relevant security interests relating to such assets.

2.1.10 Transaction Documents

The Amended and Restated Super Senior Terms and Conditions, the Amended and Restated Intercreditor Agreement (including any amended and restated intercreditor agreement executed up until closing to implement the actions and measures in this Notice), the Shareholders’ Agreement, the Reorganisation Plan, the Internal Restructuring documents and all other documents, agreements, confirmations, certificates, powers of attorney, requests, transfers, notices and acknowledgements that may be necessary or desirable to enter into, execute, deliver and/or perform thereunder or otherwise in connection with the Transaction (including for the avoidance of doubt the Reorganisation Plan and the actions set out therein) are referred to as the “**Transaction Documents**”.

2.2 Authorisation of the Agent

The Bondholders are hereby requested to approve that the Agent, upon the instruction from the Bondholder Committee (if applicable), is irrevocably and unconditionally authorised on behalf of the Bondholders:

- (a) to approve any further amendments (also other than as set out in this Notice) to any of the Transaction Documents and take any further actions as are deemed necessary or desirable in relation to the Request; and
- (b) to take any actions and/or decisions that are deemed necessary and relevant to complete the Transaction, including but not limited to implementing the Reorganisation Plan, entering into all Transaction Documents, represent the bondholders under the New Super Senior Debt and the New Money Instrument and to the extent necessary for practical purposes, subscribe to the shares in the Issuer on behalf of the Bondholders; and
- (c) to alter the contemplated implementation measures for the Transaction and make any other amendment to any Transaction Document and the structure for the Transaction as long as the result of such alteration or amendment, in the opinion of the Bondholder Committee (without assuming any liability), is consistent with the principles set out herein.

The Issuer, by issuing this Notice, and the Bondholders, by voting for the Request, acknowledge and agree that (i) the Agent and the Bondholder Committee, when acting in accordance with the authorisation instructions set out

in this Notice, and the Bondholder Committee, when giving such instructions, are fully discharged from any liability whatsoever and (ii) the Bondholder Committee does not “act for” the Bondholders in any representative capacity and has no duty of care to the Issuer, the Group or any Bondholder and (iii) the Agent and the Bondholder Committee shall never be responsible for any loss (whether direct or indirect) of any member of the Group or any Bondholder. For the purpose of carrying out the actions described in this Section 2.2 (*Authorisation of the Agent*) the Agent shall be entitled to require that the Bondholder Committee confirms that any implementation steps are approved and in line with the Transaction or any altered new structure.

Additionally, in order for the Agent to be able to actively participate in the process and take necessary actions on behalf of the Bondholders thereunder, it is critical that it may be reimbursed for fees incurred by itself and any external legal adviser. In the written procedure that was approved 18 March 2025, the Bondholders approved that funds from the Escrow Account may be used, where applicable and if payment for the fees is not obtained or cannot be obtained from the Issuer, to cover fees incurred by the Agent and any external legal advisor which may be desirable to engage on behalf of the Bondholders in connection with the Transaction. Consequently, prior to the disbursement of the Initial Loan any payment from the Escrow Account, such fees (including estimations for such costs in relation to the Transaction) shall be paid.

2.3 Subsequent Written Procedures

In order to streamline the voting process and enhance time efficiency for future written procedures from the date this Written Procedure is successfully completed until and including Closing, the time period within which the Bondholder must reply according to the Terms and Conditions, may need to be shortened by up to 5 business days, resulting in a minimum period of 10 business days.

By approving this Request, each Bondholder hereby acknowledges and agrees that any additional Written Procedure issued from the date this Written Procedure is successfully completed until and including Closing, may be reduced by a maximum of 5 business days to 10 business days, effective immediately upon the successful completion of this Written Procedure.

2.4 Indicative preliminary time plan

The following is a high level and preliminary time plan for the Transaction, in all respects subject to change. All actions after the termination of the Written Procedure are target dates and preliminary and indicative only. The finally determined date for all target dates will be announced by the Issuer in a press release prior to Closing.

The actions of the approved Request shall be effective at the same time unless otherwise stated in this Notice.

4 Written Procedure

The following instructions need to be adhered to under the Written Procedure.

4.1 Final date to participate in the Written Procedure

The Agent must have received the votes by mail, courier or email to the address indicated below no later than 15.00 (CET) on 13 October 2025. Votes received thereafter may be disregarded.

4.2 Decision procedure

The Agent will determine if received replies are eligible to participate under the Written Procedure as valid votes.

When a requisite majority of consents of the total Adjusted Nominal Amount have been received by the Agent, the Request shall be deemed to be adopted by the Bondholders, even if the time period for replies in the Written Procedure has not yet expired.

Information about the decision taken under the Written Procedure will be sent by notice to the Bondholders and be published on the website of the Issuer and the Agent.

Any matter decided under the Written Procedure will be binding for all Bondholders, irrespective of them responding in the Written Procedure.

4.3 Voting rights and authorisation

Anyone who wishes to participate in the Written Procedure must, on the Record Date 22 September 2025, be registered on the Securities Account in the Issuer's debt register as:

- i. a direct registered owner of a Securities Account (Sw. *direktregistrerad ägare*); or
- ii. a nominee in a Securities Account (Sw. *förvaltare*),

with respect to one or several Backstop Fee Notes.

4.4 Backstop Fee Notes registered with a nominee

If you are not registered as a direct registered owner, but your Backstop Fee Notes are held through a registered authorised nominee (Sw. *förvaltare*) or another intermediary, you may have four different options to influence the voting for the Backstop Fee Notes.

- (1) Directly registered owners can vote via VPS Investortjenester. (Only applicable for Norwegian holders with VPS account in Norway).
- (2) You can ask the authorised nominee or other intermediary that holds the Backstop Fee Notes on your behalf to vote in its own name as instructed by you. If the Backstop Fee Notes are held in custody – i.e. the owner is not registered directly in the VPS – the custodian must confirm: (i) the ultimate owner of the Backstop Fee Notes, (ii) the aggregate nominal amount of the Backstop Fee Notes; and (iii) the account number in VPS on which the Backstop Fee Notes are registered.
- (3) You can obtain a Power of Attorney (Schedule 2) from the authorised nominee or other intermediary and send in your own Voting Form based on the authorisation. If you hold your Backstop Fee Notes through

several intermediaries, you need to obtain authorisation directly from the intermediary that is registered in the debt register as Bondholder of the Securities Account, or from each intermediary in the chain of bondholders, starting with the intermediary that is registered in the debt register as a Bondholder of the Securities Account as authorised nominee or direct registered owner.

Whether one or both of these options are available to you depends on the agreement between you and the nominee or other intermediary that holds the Backstop Fee Notes on your behalf (and the agreement between the intermediaries, if there are more than one).

The Agent recommends that you contact the securities firm that holds the Backstop Fee Notes on your behalf for assistance, if you wish to participate in the Written Procedure and do not know how your Backstop Fee Notes are registered or need authorisation or other assistance to participate. Backstop Fee Notes owned by the Issuer or another Group Company are not entitled to any voting rights.

4.5 Quorum

To approve the Request, Bondholders representing at least twenty (20.00) per cent. of the Adjusted Nominal Amount must reply to the Written Procedure in order to form a quorum.

4.6 Second Written Procedure

If a quorum does not exist, the Agent may initiate a second Written Procedure, provided that the relevant proposal has not been withdrawn. No quorum requirement will apply to such second Written Procedure. At the option of each Bondholder, a voting form provided at or before 15.00 (CET) on 13 October 2025 in respect of the Written Procedure shall also remain valid for any such second Written Procedure.

4.7 Majority

In order for the Request to be approved, at least sixty-six and two thirds ($66\frac{2}{3}$) per cent. of the Adjusted Nominal Amount held by Bondholders that reply in the Written Procedure must consent to the Request.

4.8 Address for sending replies
