

Realfiction announces ownership changes following shareholder asset distribution

Realfiction Holding AB (“Realfiction” or “the Company”) has been informed that its largest shareholder, Ceranco Equity S.C.S., has completed the distribution of its assets to its partners. As a result, Tamarind Limited, the largest partner in Ceranco Equity S.C.S, has increased its shareholding in Realfiction to over 15 percent.

Following the asset distribution by Ceranco Equity S.C.S., shareholders holding over 5% are as follows:

Based on latest available ownership structure	After distribution
Tamarind Limited	>15%
CLAPE HOLDING ApS	>15%
AmTRAN Technology Co. LTD	>5%
Avanza Pension Försäkringsaktiebolaget	>5%

"Tamarind Limited has increased its direct ownership in Realfiction from >5% to >15% of our outstanding capital," said Clas Dyrholm, CEO and co-founder of Realfiction. "This change in ownership structure does not affect our strategic direction, as we continue executing our licensing and go-to-market strategy. Our collaboration with Shantou Goworld Display Co. Ltd. to demonstrate the scalability of our Directional Pixel Technology™ and produce a key component, as outlined in our Q3 Interim Report, reinforces our market position. Importantly, we have achieved this progress without impacting our financial runway, further enhancing our potential for success."

About Realfiction Holding AB

Founded in Denmark in 2008, Realfiction is a provider of cutting-edge 3D display technologies designed for tomorrow's needs, featuring technological breakthroughs with its Directional Pixel Technology for LCD, OLED and microLED. These technologies support a wide range of use cases, including enhancing driving safety, medical imaging, immersive gaming and entertainment, digital signage, as well as applications in architecture, engineering, and design. The Company offers a comprehensive intellectual property portfolio tailored for OEMs and Tier-1 partners involved in developing and marketing displays for markets and industries requiring high-resolution multistereoscopic displays. All technologies are ready for licensing, and Realfiction is actively pursuing commercial licensing agreements and partnerships to pave the way to mass production. Realfiction's patent portfolio comprises 15 patent families with applications filed in multiple countries. Realfiction Holding AB's shares are publicly traded on Nasdaq Stockholm First North under the symbol "REALFI", with the share's ISIN code being SE0009920994.
