

Cavotec renews service agreement with Port of Salalah in Oman

Cavotec has renewed its service agreement with the Port of Salalah in Oman for another two years. The first agreement was signed in 2016.

Under the agreement, Cavotec will continue to be responsible for the 24/7 on-site repair and maintenance for 32 MoorMaster vacuum mooring units. Cavotec has supplied the MoorMaster systems which are critical to ensuring operational efficiency, particularly in challenging weather conditions.

“We are pleased to continue our long-standing partnership with the Port of Salalah,” said Patrick Baudin, President of Services at Cavotec. “This agreement highlights the importance of reliable, around-the-clock service to maintain efficient operations and reflects the trust built over a decade of collaboration.”
