

Nomination committee appointed for IRLAB's annual general meeting 2026

Gothenburg, Sweden, November 20, 2025 – IRLAB Therapeutics AB (Nasdaq Stockholm: IRLAB A), a company discovering and developing novel treatments for Parkinson's disease, today announces that the nomination committee ahead of the annual general meeting (AGM) 2026 has been appointed.

According to the instruction for appointment of the nomination committee in IRLAB Therapeutics AB, resolved at the annual general meeting on May 22, 2024, the nomination committee shall, besides the Chair of the Board, consist of representatives of the three largest shareholders, or groups of shareholders, as of the last banking day in August 2025.

The three largest shareholders or groups of shareholders have now appointed their representatives, thus the nomination committee ahead of the AGM 2026 has the following members:

- **Daniel Johnsson**, entrepreneur, business developer and investor. Appointed by a group of shareholders that consists of the company's founders representing about 14 per cent of shares and votes; and
- **Bo Rydlinger**, background from banking and investments. Appointed by a group of shareholders representing about 13 per cent of shares and votes; and
- **Clas Sonesson**, Chief Scientific Officer (CSO) at IRLAB and one of IRLAB's founders. Appointed by a group of shareholders that consists of the company's founders representing about 9 per cent of shares and votes;
- **Carola Lemne**, Chair of the Board of IRLAB Therapeutics AB.

The members of the nomination committee have been appointed by owners in IRLAB Therapeutics AB who represent a total of about 36 per cent of the total number of shares and votes in IRLAB Therapeutics AB as of the last banking day in August 2025.

Information about the nomination committee's work and the instruction to the nomination committee can be found on the company website under the section for Corporate Governance. The nomination committee's proposal will be presented in the summon to the annual general meeting 2026 and on the company's web page, www.irlab.se. The annual general meeting will be held on May 20, 2026.

Shareholders who wish to submit proposals to the nomination committee shall do this in writing, no later than January 31, 2026, via e-mail ir@irlab.se.

About IRLAB

IRLAB discovers and develops a portfolio of transformative treatments for all stages of Parkinson's disease. The company originates from Nobel Laureate Prof Arvid Carlsson's research group and the discovery of a link between brain neurotransmitter disorders and brain diseases. Mesdopetam (IRL790), under development for treating levodopa-induced dyskinesias, has completed Phase IIb and is in preparation for Phase III. Pirepemat (IRL752), currently in Phase IIb, is being evaluated for its effect on fall frequency in Parkinson's disease. IRL757, a compound being developed for the treatment of apathy in neurodegenerative disorders, is in Phase I. In addition, the company is developing two preclinical programs, IRL942 and IRL1117, towards Phase I studies. IRLAB's pipeline has been generated by the company's proprietary systems biology-based research platform Integrative Screening Process (ISP). Headquartered in Sweden, IRLAB is listed on Nasdaq Stockholm (IRLAB A). For more information, please visit www.irlab.se.
