

Obducat receives order for a SINDRE® 400 Integra NIL-system from a customer in Asia valued at 14.5 million SEK

OBDUCAT AB (publ) subsidiary Obducat Technologies AB, a leading supplier of lithography solutions based on nanoimprint lithography (NIL), has received an order for the supply of a SINDRE 400 High Volume Manufacturing NIL-system from an Asian customer. The order value amounts to approx. 14.5 million SEK.

The SINDRE 400 Integra system is configured with the latest technologies released from Obducat including integrated anti-stick technology for the IPS stamp as well as the inline IPS resist dispense technology. The SINDRE 400 Integra system will be used for mass production of optical components of various kind including AR (Augmented Reality) waveguide devices. Further information cannot be disclosed at this point in time.

The SINDRE 400 system is planned to be delivered during the third quarter this year.
