

New number of shares and votes in Bactiguard Holding AB

The number of shares and votes in Bactiguard Holding AB (publ) (the “Company”) has increased during July 2026 as a result of the new issue of Class C shares to secure the Company’s commitments under the share-based long-term incentive plan 2026 (“LTIP 2026”). All Class C shares have been repurchased by the Company and will be converted into Class B shares in connection with the delivery of Class B shares to participants under the terms of LTIP 2026.

As of 31 July 2026, the number of shares in the Company amounts to 35,758,885, of which 4,000,000 are Class A shares carrying 10 votes per share, 31,043,885 are Class B shares carrying 1 vote per share and 715,000 are Class C shares carrying 1 vote per share. The total number of votes in the Company amounts to 71,758,885. The total number of votes in the Company, excluding the Company’s own holding of 715,000 Class C shares, amounts to 71,043,885.

About Bactiguard

Bactiguard is a global MedTech company developing safe and biocompatible technology to prevent medical device related infections. The unique technology is based on an ultra-thin noble metal coating that prevents bacterial adhesion and biofilm formation on medical devices. The company focuses on five strategic therapeutic areas where infection rates create high medical needs for infection prevention. These areas include Orthopedics, Cardiology, Neurology, Urology, and Vascular Access.

Bactiguard operates through license partnerships with leading global MedTech companies that apply the technology to their medical devices. The company also has a portfolio of wound management products. Bactiguard’s infection prevention solutions decrease patient suffering, save lives, and unburden healthcare resources while also fighting against antimicrobial resistance, one of the most serious threats to global health and modern medicine. Bactiguard is headquartered in Stockholm and is listed on Nasdaq Stockholm and is included in the Small-Cap segment.
