

## Robbans Däck i Ronneby joins CTS Group

Last year, Colmec, Lapin Kumi, and several tire shops across Sweden and Finland came together to form a new tire services group, which is currently operating under the working name CTS. Today, Robbans Däck i Ronneby is announcing its accession to CTS.

Robbans Däck was founded by Robert Magnusson in his garage in 2003. Måns Mathiasson took over the day-to-day management in 2019, having started already back in 2006. Under his stewardship, Robbans Däck has grown to become a leading service provider in Blekinge, establishing many longstanding customer relationships along the way. Today the company serves customers across all vehicle types, throughout Blekinge, from its workshop in Ronneby.

*"We are very excited to be welcoming Måns Mathiasson and the team to our group" said David Boman, CEO of CTS Group.*

*"With Robbans Däck we are adding a great team with a strong reputation, but also establishing a workshop presence in Blekinge. We look forward to continue to expand in the region on the back of this great addition to the group"*

*"We are very happy to be partnering with the CTS Group. Considering the changes that this industry is facing in the short and medium term, we are confident that this is the right path to take to stay at the forefront of an industry in transformation. As part of this group of strong industry veterans we will continue to deliver the best possible service to our customers and carry our success into the future" says Måns Mathiasson, Robbans Däck.*

Robbans Däck will continue to operate under the same name and with the same team. Måns will remain operational in the company and become a co-owner of CTS.
