

New agreement - Capio Läkargruppen in Örebro starts up with CoreTherm® treatments

ProstaLund has today signed an agreement for CoreTherm® with the new customer Capio Läkargruppen in Örebro.

Today ProstaLund has signed an agreement with Capio Läkargruppen in Örebro. The agreement means that ProstaLund installs a CoreTherm® machine with accessories at the clinic in Örebro and the plan is for Capio Läkargruppen to perform its first CoreTherm® treatments during October. CoreTherm® treatments are already performed under the auspices of Capio at Capio St Görans Hospital in Stockholm and Capio Urologi Solna.

"It will be very good that we are getting started with CoreTherm treatments at Capio Läkargruppen as well," comments Tommy Söderman, CEO Capio Läkargruppen."

ProstaLund's CEO Johan Wennerholm: "I am very pleased that our collaboration with Capio continues to develop, and we are very much looking forward to supporting Läkargruppen in their start-up with CoreTherm®. The fact that the next CoreTherm® clinic ends up in Örebro is brilliant from a geographical perspective and allows for shorter trips to treatment for very many men living in Örebro and neighbouring regions."
