

Henrik Perbeck leaves as President & CEO of Beijer Alma

The Board of Directors of Beijer Alma AB and Henrik Perbeck agreed today that Henrik will leave Beijer Alma after seven years as President & CEO. The process of recruiting a new President & CEO will begin immediately.

Henrik will remain in his role until April 1, 2025, when Johnny Alvarsson, a member of Beijer Alma's Board of Directors, will take over as acting President & CEO until a new permanent President & CEO is appointed.

"Under Henrik's leadership, Beijer Alma has acquired companies corresponding to approximately SEK 2.7 billion in annual sales, including two strategic platform companies within Lesjöfors and several forward-looking acquisitions within Beijer Tech. In addition, Henrik has successfully refined the Group through the divestment of Habia Cable and strengthened the organization. Beijer Alma is well-equipped for the future. As we advance, the focus is continued growth and strengthened margins, and it is now the right time for a new CEO to run Beijer Alma forward. The Board thanks Henrik for the seven years we have had the opportunity to work together," says Johan Wall, Chairman of Beijer Alma.
