

Hilbert Group postpones the publication of the annual report

The publication of Hilbert Group's annual report for the financial year 2024 has been postponed. The Annual General Meeting will commence on June 13 as scheduled, but the meeting will be adjourned until the date falling three weeks after publication of the annual report.

"We need more time to complete the annual report and give our auditors the necessary time for the audit. I want to emphasise that the postponement is not due to any drama in the content of the annual report. The reason is simply that the company's IFRS accounting, given the nature of the company's business and scope across several international jurisdictions, is considerably complex.", comments Erik Nerpin, Chairman of the Board.
