

Plantagen restructuring approved

Plantagen in Norway and Sweden have been undergoing restructuring since August 22. At the end of December, Plantagen submitted proposals for debt settlements with the creditors. These proposals have been accepted by the majority of the creditors and today approved by the respective courts in Norway and Sweden.

Since August 22, 2024, Plantasjen Norge AS and Plantagen Sverige AB have been undergoing restructuring to ensure continued operations. The court approvals of the debt settlements in both countries means that the purpose of the restructuring can be achieved.

When the court decisions have gained legal force, the companies can exit restructuring. This is expected to take place February 18.
