PROACT ENTERS PARTNERSHIP WITH TRUESEC TO STRENGTHEN CYBERSECURITY OFFERING

Proact IT Group AB (publ) announces today that the company has entered into a strategic partnership with the Nordic cybersecurity company Truesec. The collaboration strengthens Proact's position within cybersecurity and forms part of the company's continued investment in secure and sovereign data infrastructure for mission- and societal-critical operations.

"We are seeing growing demand for integrated infrastructure and security deliveries, particularly in more complex IT environments. Through the partnership with Truesec, we are expanding our already strong partner ecosystem, portfolio and cybersecurity capabilities. This further strengthens our ability to help medium-sized and large organisations, as well as public sector entities, continuously enhance their resilience in an increasingly complex and high-risk environment", says Danny Duggal, Commercial Director, Proact IT Group.

Truesec is a Nordic cybersecurity specialist with deep expertise in advanced threat intelligence, incident response and proactive security monitoring. The partnership combines Truesec's specialist capabilities with Proact's extensive experience in operations, infrastructure and secure, resilient data infrastructure for mission- and societal-critical operations.

"At Truesec, we believe cybersecurity should be accessible to every organisation. Through our partnership with Proact, we are making cyber defence more accessible and ensuring that organisations of all sizes can stay protected in an increasingly complex threat landscape", says René Damgaard, Commercial Director, Truesec.

The partnership is aligned with Proact's strategy to expand its services business and increase the share of recurring revenue. It further strengthens the company's position within secure and resilient data infrastructure for mission- and societal-critical operations, while increasing opportunities to integrate cybersecurity across the entire service portfolio.

About Truesec

Truesec is an international cybersecurity company with a mission to prevent breaches and minimize their impact. The company deliver Managed Security Services, advisory, and incident response to organizations facing advanced cyber threats.

With the largest Security Operations Center (SOC) in the Nordics and more than 120,000 hours of incident response, Truesec are a leading provider of cyber resilience. Today, Truesec has more than 400 cybersecurity specialists. Learn more at [Truesec.com](https://www.truesec.com).
