

New Partnership with Retail Chain

A partnership has been initiated with the retail chain Zoofamiljen for ZymIQ's Kalzyme product line for dogs and cats. The first orders have already been placed.

Zoofamiljen was founded in Kungsbacka, Halland, in December 2017. Today, they have stores in Varberg, Kungsbacka, Kungälv, Vänersborg, and Strömstad. Zoofamiljen is known for its strong commitment to animal health and customer service, making them a valuable partner for reaching pet owners seeking innovative and reliable animal health products.

"This partnership is an important step in strengthening Kalzyme's presence in the Nordic market while ensuring visibility at key retail locations. Through this collaboration, we make it easier for pet owners to access our innovative enzyme-based products for dental and skin care, while also benefiting from the store's expertise and service" says Roger Sjögren, Sales Director at ZymIQ.
