Kambi initiates share repurchase programme with a value of SEK 70 million

The Board of Kambi Group plc has decided to exercise the buyback mandate which was received at the Extraordinary General Meeting on 18 June 2026 to initiate a share repurchase programme with a total value of SEK 70 million (€6.25 m) which will run until 15 February 2027.

In line with its capital allocation strategy and empowered by the mandate received at Kambi' s Extraordinary General Meeting on 18 June 2026 (EGM) the board of directors (Board) of Kambi Group plc (Kambi) has today initiated a share repurchase programme with a total value of SEK 70 million (€6.25m).
The programme will run from the date of this announcement until 15 February 2027 and shares acquired will be cancelled at a future date. The maximum number of shares that may be acquired is 1,768,967 and the aggregate purchase price for such acquisitions shall not exceed SEK 70 million (€6.25m). The original mandate received at Kambi's EGM authorised the repurchase of up to 2,770,994 shares, which is equivalent to 10% of Kambi's total issued shares at the time of the EGM resolution.
The buyback programme will be carried out in accordance with the Maltese Companies Act (chapter 386 of the laws of Malta), the Nasdaq First North Growth Market Rulebook for Issuers of Shares, the EU Market Abuse Regulation (EU No 596/2014) (MAR), and Commission Delegated Regulation (EU) 2016/1052 (the Safe Harbour Regulation). The share buyback programme is intended to benefit from the share buyback safe harbour provisions set out in MAR. To this end Kambi has entered into an agreement with DNB Carnegie Investment Bank AB (DNB Carnegie) to execute the buyback programme and conduct the share repurchases on Kambi's behalf.
The acquisition of shares shall take place on one or several occasions on Nasdaq First North Growth market in Stockholm (Nasdaq First North) and DNB Carnegie will make its trading decisions in relation to Kambi's shares independently of and without influence by Kambi. Payments for the shares are to be made in cash.
The programme will be effected in compliance with the trading conditions set out in article 3 of the Safe Harbour Regulation. In particular, Kambi shall not, on any single trading day, purchase more than 25% of the average daily share turnover on Nasdaq First North. The average daily share turnover is calculated on the basis of the average daily trading volume during the twenty trading days preceding the respective purchase date. In addition, share repurchases under each programme shall:

1. **not be made at a price higher than the price of the last independent trade or (should this be higher) higher than the current highest independent purchase bid on Nasdaq First North,**

2. **be made at a price per share within the price interval recorded on Nasdaq First North at any given time, i.e. the interval between the highest buying price and the lowest selling price, and**

3. **not exceed or fall below the maximum and minimum ranges set out in the EGM resolution.**

At the time of this announcement, the total number of issued shares in Kambi is 26,911,049. Kambi currently holds 602,027 of its own shares from prior buyback programmes which will be cancelled at a future date and 400,000 shares held to satisfy Kambi's future obligations arising from its employee share option programmes.
Information on completed buybacks will be publicly disclosed in accordance with Safe Harbour Regulation and will also be available on the company's website, https://www.kambi.com/investors/share-buyback-programme/.
