COMMENTS FROM THE CEO

As we present this interim report for the second quarter of 2025 – likely our last financial report as a listed company on Nasdaq First North Growth Market – I wish to both reflect on our recent progress and express gratitude for our shareholders' support throughout Toleranzia's public journey.

During and after the second quarter, following the earlier announcement of our proposed merger with principal shareholder Flerie AB, we took decisive steps to secure Toleranzia's long-term development, marked by several key milestones.

In April, we secured a conditional SEK 20 million credit facility from Flerie. This funding, reflecting the strong, continued confidence from our principal

stakeholder, enabled us to maintain momentum in the final preparations for our Phase I/IIa clinical trial of TOL2 for myasthenia gravis. First, it allowed us, in collaboration with our contract manufacturer, to conduct the lyophilization of the previously produced GMP batch of drug substance. On the condition that a positive outcome of the ongoing release testing is obtained we will have a finished, final, drug product of the quality required for regulatory authorities to grant non-conditional approval to start the clinical trial. Second, it allowed us to continue preparations for the clinical trial, including the development of bioanalytical assays, contract negotiations, and collection of required regulatory documents from the participating clinical centers.

Corporate governance was another area of focus. The Extraordinary General Meeting on May 7, 2025, approved the merger plan, and, at the Annual General Meeting on June 5, all board proposals were adopted.

In June, Nasdaq Stockholm approved our application for delisting, marking the beginning of a new chapter for Toleranzia. Pending the Swedish Companies Registration Office granting approval to implement the merger plan entered into between Toleranzia and Flerie AB, the last day of trading in the Company's shares on Nasdaq First North Growth Market is expected to be August 18, 2025. Upon registration of the merger, Toleranzia will be dissolved and its business operations will proceed under Flerie AB's broad and supportive ownership structure, optimally positioned for the operations' continued innovation and growth.

With this report, I would like to acknowledge my sincere appreciation for the support of every shareholder – large and small – who has accompanied us on our compelling journey to date. Your belief in our vision and our commitment to realizing transformative treatments for patients with rare autoimmune diseases has been the foundation of every milestone achieved. The planned merger will allow Toleranzia's pipeline and expertise to flourish, supported by long-term owners who share our values and outlook for breakthrough therapies.

On behalf of the entire team at Toleranzia, I share both pride in what we have accomplished together and optimism for the future. Thank you for your trust and engagement along this journey.

ABOUT TOLERANZIA

General information about the business

Toleranzia AB (publ) (556877-2866) is a Swedish biotechnology company listed on Nasdaq First North. The Company develops drugs that harness the power of the immune system to treat orphan autoimmune diseases. The drugs, which target the cause of the disease, can alleviate or cure the disease and not, like current treatments, just reduce the symptoms. They have the potential to be the first long-acting or curative treatments that act specifically on the underlying cause of the orphan autoimmune disease they are developed for. Toleranzia's main focus is the autoimmune nerve and muscle disease myasthenia gravis, for which the Company is developing the drug candidate TOL2. In addition, Toleranzia is working on the autoimmune blood vessel disease ANCA vasculitis, for which the Company is developing the drug candidate TOL3. Both diseases are so-called orphan diseases for which so-called orphan drugs can be developed and where there is a great medical need and a large market potential. Costs, excluding one-time costs related to merger preparations, are in line with the Company's plan and expectations linked to the long-term strategy. During the period, costs of SEK 162 thousand relate to work towards a merger with Flerie AB.

Of the total cost, SEK 4 073 thousand (7 414) relates to the development of the Company's project portfolio in myasthenia gravis and ANCA vasculitis, where the costs incurred are continuously capitalized as work for own account

The operating result amounted to SEK -2 835 thousand (-1 788) during the quarter.

Period January - June

Other operating income amounted to SEK 336 thousand (528) during the period and consists of foreign exchange gains and project support part of development projects.

Operating expenses amounted to SEK 15 708 thousand (16 058) during the period, of which SEK 3 953 thousand (3 356) relates to personnel costs.

Costs, excluding one-time costs related to merger preparations, are in line with the Company's plan and expectations linked to the long-term strategy. During the period, costs of SEK 924 thousand relate to work towards a merger with Flerie AB.

Of the total cost, SEK 9 244 thousand (12 101) relates to the development of the Company's project portfolio in myasthenia gravis and ANCA vasculitis, where the costs incurred are continuously capitalized as work for own account.

The operating result amounted to SEK -6 128 thousand (-3 429) during the period.

Cash flow and liquidity

Cash flow from operating activities amounted to SEK -3 978 thousand (-40) during the quarter. Cash flow from operating activities amounted to SEK -7 168 thousand (-3 699) during the six months.

As of June 30, the Company's cash and bank balances amounted to SEK 2 366 thousand (2 293).

The loan facility that the company signed with its main owner, Flerie AB, during the quarter has enabled the Company to carry out its pre-clinical activities as planned, while the clinical trial requires additional capital injections. See also the section on Financing.

Investments

Total investments in intangible assets amounted to SEK 4 073 thousand (7 414) during the quarter. The corresponding investment for the period January - June amounted to SEK 9 244 thousand (12 101)

The investments relate to the development of the Company's portfolio of projects in myasthenia gravis and ANCA vasculitis and the costs are capitalized on an ongoing basis as work for own account.

Human resources

Toleranzia is a development company where committed employees with solid experience and cutting-edge expertise are a prerequisite for commercial success and for achieving the Company's vision. The Company had 10 full-time equivalent employees or contracted consultants as of June 30, 2025.

Financing

Toleranzia is a development company and has not yet generated any revenue. The company is in a very intensive phase with several ongoing clinical preparation activities ahead of the clinical phase I/IIa study of the drug candidate TOL2 for the treatment of myasthenia gravis.

During the quarter, Toleranzia entered into a loan agreement with Flerie AB comprising a credit facility of SEK 20 million, which came into effect on May 7, 2025, with a term until September 15, 2025. The loan was utilized to SEK 5 million as of June 30 and has been utilized by an additional SEK 5 million after the period. During the quarter and after the period, the credit facility has secured the Company's continued operating ability and enabled the planned continuation of the Company's clinical preparation activities.

A clinical trial should not be initiated without full financing secured. The Company therefore needs additional – and not insignificant – capital injections to be able to carry out the planned Phase I/IIa study.

During the first quarter of 2025, Toleranzia received a merger offer from Flerie AB, and during the second quarter, the shareholders of Toleranzia voted in favor of implementing the merger with Flerie AB in accordance with the offer presented.

Upon completion of the merger, Flerie will absorb Toleranzia, whereupon a combined company will be formed: New Flerie. After the completion of the merger, Toleranzia's operations will be transferred to a new subsidiary of Flerie Invest: New Toleranzia. The operation of the business of New Toleranzia will be the responsibility of Flerie Invest.
