## Attendo acquires A-klinikka Oy in Finland

**Attendo Finland has signed an agreement with A-klinikkasäätiö (A-Clinic Foundation) to acquire A-klinikka Oy, a provider specializing in substance abuse and addiction treatment services.**

A-klinikka Oy provides substance abuse and addiction treatment services to welfare regions across Finland as well as to the City of Helsinki. The company has approximately 300 employees. Through the acquisition, Attendo Finland strengthens and expands its presence within substance abuse and addiction treatment services, in line with its strategy.

“A-klinikka Oy has built a service offer with good treatment results in an area where there is a lack of capacity. Together, we can now address a need that neither of us could have met on our own. Ultimately, it's about helping even more people with substance abuse and addiction challenges to get the care and support they need to be able to live their lives like everyone else,” says Virpi Holmqvist, Managing Director, Attendo Finland.

The acquisition is in line with Attendo's strategy for balanced growth, where stable underlying organic growth is complemented by bolt-on acquisitions of high-quality companies in strategic segments.

The transaction is subject to approval by the Finnish Competition and Consumer Authority (FCCA) and has no material impact on Attendo's financial results.
