## **Soltech Energy acquires the remaining 20 percent of the subsidiary Takrekond i Småland AB**

On October 28, Soltech Energy Sweden AB (publ) acquired the remaining 20 percent of the shares in the subsidiary Takrekond i Småland AB with entry on the same day. Soltech Energy now owns 100 percent of the company and the acquisition of the remaining shares in the company is part of the plan to continue strengthening Takrekond's transformation towards adding solar energy to the roofing business. Takrekond has a 20 employees and expects to have a turnover of approx. 30 million in 2022 with a good profit margin. The acquisition is financed entirely from own cash and with newly issued Soltech shares.

On October 1, 2020, Soltech acquired 80 percent of Takrekond i Småland. On the same day in 2020, 100 percent of Takrekond i Kalmar was also acquired, which is the second twin of the two Takrekond companies.

Now the remaining 20 percent of Takrekond i Småland is also being acquired. This means that Soltech now owns 100 percent of both companies, which during their time at Soltech have been transformed to also have energy solutions in addition to their core expertise in roofing.

– Takrekond is a highly valued company within the Group. They have made an amazing journey from being a traditional roofing company to now also offering solar energy solutions and they have been involved in several solar energy projects during their time in the group That is why we are happy to acquire the remaining part of the company to further support their transformation journey, **says Stefan Ölander, CEO of Soltech Energy.**

### **Transformed into a solar roof company**

Takrekond is a leading company in the roofing industry with headquarters in Växjö and Kalmar. With over 30 years of experience, Takrekond is well-known in the region, and

**Press Release****02 November 2022 07:45:00 CET**

they are now being transformed into a solar roof company. Since the start of Soltech, they have helped both new and previous customers with various types of solar energy solutions. The company has a dedicated solar energy project manager and CEO Nisse Jansson sees that this will create even better opportunities going forward.

– Now we have even better opportunities to develop our solar energy offer in combination with our expertise in roofing. Being part of the Soltech Group gives us a strength we didn't have before, and I see a very bright future for both Takrekond and for the Group as a whole, **says Nisse Jansson, CEO Takrekond.**
