## Trelleborg acquires sealing profiles specialist

Trelleborg Group, through its Trelleborg Industrial Solutions business area, has signed an agreement and finalized the acquisition of National Gummi AB from the Swedish industrial group National.

The business portfolio comprises extruded rubber profiles and gaskets for niche construction, industrial and automotive applications. Sales in 2024 amounted to just over SEK 150 M, principally in Northern Europe. Production operations are located in Halmstad, Sweden. The acquisition forms part of Trelleborg's strategy to develop leading positions within attractive segments.

"This is an exciting addition to our portfolio. National has specialist capabilities and knowhow which will allow us to broaden our value-adding offering to customers across Europe" says Jean-Paul Mindermann, Business Area President of Trelleborg Industrial Solutions.

National's operations outside extruded rubber profiles and gaskets are not included in this transaction and will remain part of the National group.

The transaction will be consolidated as of today.
