

Freemelt appoints Regional President for the EMEA market

Nasdaq First North-listed Freemelt – a deep-tech, green-tech company whose groundbreaking solutions create new conditions for rapid growth in 3D printing has appointed Viktor Valk as Regional President for the EMEA market.

Viktor Valk is currently serving as Business Unit Manager at Sandvik Mining & Rock Solutions. Viktor has substantial experience as a senior business leader with over 10 years of experience in sales operations and business development at various positions within the Sandvik Group.

“It is an exciting time to join Freemelt’s journey in building innovative technology that is revolutionizing the metal manufacturing industry. With my previous experience of business development, sales and building organizations, I look forward to contributing to the company’s continued growth, by establishing and developing the EMEA region for Freemelt,” says Viktor Valk.

“Viktor has extensive experience in business development and sales from an industry with diverse customer demand and highly productivity-focused customers. His experience and contribution to Freemelt’s international expansion will be critical for driving sales and service on our growth and commercialization journey. We now have another key position in place to further enable rapid international expansion towards industry leadership within metal 3D printing,” says Daniel Gidlund, Freemelt’s CEO

About Us

Freemelt is a deep-tech, green-tech company whose ground-breaking solution creates new opportunities for rapid growth in 3D printing, also known as Additive Manufacturing, a technology under substantial growth revolutionizing the traditional manufacturing industry, by offering a sustainable production process with optimized product design, shorter lead times, minimal waste and reduced environmental footprint.

Freemelt’s protected technology enables a more greener, cost-efficient 3D printing to a consistent and high quality. By choosing an open-source solution, the conditions are created for strong growth and expansion towards manufacturing markets. Freemelt was founded in 2017, is listed on Nasdaq First North Growth Markets, has 38 employees, head office in Gothenburg and a manufacturing unit in Linköping. Read more at www.freemelt.com.
