New agreement - Capio Specialistmottagning Lund starts up with CoreTherm® treatments

ProstaLund has signed an agreement for CoreTherm® with the new customer Capio Närsjukvård AB.

ProstaLund has signed an agreement with Capio Närsjukvård. The agreement means that ProstaLund installs the CoreTherm® machine with accessories at Capio Specialistmottagning on Clemenstorget in Lund and the plan is for the first CoreTherm® treatments to be performed in October. CoreTherm® treatments are already carried out under Capio's auspices at Capio S:t Görans Hospital in Stockholm, Capio Urologi Solna and Capio Läkargruppen Örebro.

At present, Capio Närsjukvård AB does not have an agreement with Region Skåne regarding thermotherapy treatment of benign prostatic hyperplasia, so initially CoreTherm® treatments will be offered for privately paying and patients with health insurance.

ProstaLund's CEO Johan Wennerholm: "I am very pleased that our collaboration with Capio continues to develop, and we are very much looking forward to supporting Capio in Lund with their start-up with CoreTherm®. In Skåne alone, there are almost 400 gentlemen waiting for active treatment of prostate enlargement and the waiting times are very long. The fact that a new CoreTherm® clinic in Skåne is starting up that can offer treatment without long waiting times is absolutely brilliant."
