

## QleanAir delivered cleaned indoor air equivalent to 11.22 Avicii arenas per hour by the end of the third quarter

**QleanAir Holding AB (publ), the premium provider of solutions for indoor air cleaning, increased the delivery of clean indoor air to a volume corresponding to 11.22 (10.97) Avicii arenas per hour during the end of the third quarter. This corresponds to 4.89 (4.78) billion cubic meters of cleaned indoor air per month at the end of the third quarter compared with the second quarter.**

QleanAir measures the volume of cleaned indoor air worldwide on an ongoing basis and reports quarterly the volume corresponding to the number of Avicii arenas. The Globe arena is the world's largest spherical building and recently changed name to honor Tim Avicii Bergling and shine a light on the mental health of young people.

Air quality has an important effect on health both in the short and long term. Studies show that indoor air quality also directly impacts peoples cognitive functions such as response times and ability to focus. QleanAir provides air cleaning solutions for most kinds of professional and public space.
