

## Trading update and Notification of Fireside Chat 27th of March

Lokotech Group wishes to give it's stakeholders an opportunity to get updated on the companys operation, hereunder the growth of PowerPool, Datacenters and the Script/AI ASIC that under the current estimate is approximately 2 weeks away from GDSII-sign off, with tape-out following shortly after. Management remains confident in the projects long-term value.

The company invite stakeholders to a fireside chat the 27th of March with the opportunity to partake in a Q&A session. The fireside chat format is chosen on purpose in order to give a more comprehensive interaction explaining ongoing status and outlook on what to expect in next phase. Details will be sent in a seperate announcement.
