Press Release
20 November 2026 13:00:00 CET

Recording and presentation from the Q3 2026 bondholder webcast now available

Stockholm, 20 November 2026 – Avonova Bidco AB (publ) held a webcast for bondholders on 19 November 2026 to present the interim report for July–September 2026, which was published on 13 November 2026. CEO Jonas Arlebäck and CFO Björn Tjälldin presented the results.

A recording of the webcast is available here:
https://vimeo.com/1248298865/ec1d2a6165

The presentation is attached to this release and is also available at www.avonova.com/investor-relations.

The webcast and the presentation are based solely on the interim report for Q3 2026 and contain no new financial information compared with the interim report. Alternative performance measures are defined and reconciled in Note 9 of the interim report.

About Avonova
Avonova is a leading Nordic provider of occupational health and workplace wellbeing services, headquartered in Stockholm. The company runs two segments. Health provides clinic-led occupational healthcare for employers in Sweden and Norway. Solutions offers Avonova Assist, a digital subscription for SMEs in Norway, Sweden and Finland. Avonova has been owned by Norvestor since 2019. Its SEK 500 m senior secured bond is listed on Nasdaq Stockholm.

About Us
Avonova is Nordic's leading provider of occupational health services and is the only Nordic occupational health services provider with a fully integrated hybrid digital/physical delivery model.

Avonova offers a comprehensive range of services to promote well-being and reduce absence, among employees of companies and institutions of all sizes and in all industries. It is leading in preventive evidence based occupational health services in highest impact areas, such as presenteeism, vaccination, and drug testing and rehab.

Avonova has its main offices in Larvik, Norway and Stockholm, Sweden and delivers its services digitally and from 166 locations in Norway and Sweden, by about 1 100 employees – mainly physicians, psychiatrists, nurses, and workplace engineers. For more information, visit www.avonova.com.
