

Change to the Board nomination proposal ahead of I-Tech AB's Annual General Meeting

Lottie Saks has informed I-Tech AB's nomination committee that, for personal reasons, she is no longer available to stand for election to the company's Board of Directors.

Considering this, the nomination committee has revised its proposal and now proposes that the Board of Directors comprise five members: the re-election of Philip Chaabane, Thomas Bergdahl, Chatarina Schneider and Staffan Asplund, and the election of Anette Orsten as a new member.

About I-Tech AB

I-Tech is a biotechnology company that has developed the antifouling technology Selektope®, an active substance that prevents barnacle attachment on submerged surfaces such as ships and boat hulls. By increasing the anti-barnacle performance in marine paint systems (e.g. antifouling coatings), fuel and maintenance costs are reduced and vessel energy efficiency improved. I-Tech has obtained the necessary regulatory approvals for Selektope® and has several of the world's largest manufacturers of marine antifouling coatings as customers. The company's share is listed for trading on Nasdaq First North Growth Market Stockholm (ticker: ITECH) and Certified Adviser is Redeye Nordic Growth AB. For more information visit our website www.i-tech.se.
