

DURA SIGNS AGREEMENT TO ACQUIRE BIAB ENTREPRENAD

Dura has today signed a share purchase agreement regarding the acquisition of BIAB Entreprenad, based in Karlstad. Closing is expected to take place in March and is subject to customary closing conditions.

BIAB Entreprenad is an established specialist in sheet metal roof painting, with a strong local market position, long-standing customer relationships and a proven track record of stable financial performance. The company operates within sustainable roof maintenance and, through its services, extends the lifespan of building envelopes, thereby reducing the need for resource-intensive replacements.

The acquisition is in line with Dura's long-term strategy to grow within critical property maintenance and sustainable renovation solutions. Through the acquisition, Dura strengthens its position within the roofing segment while simultaneously expanding its geographical presence in western and central Sweden.

"BIAB Entreprenad is a well-managed company with a strong brand and high-quality execution. The acquisition strengthens our expertise within roof maintenance and creates further conditions for profitable growth. We see good opportunities to realise both commercial and operational synergies within the Group," says Niclas Winberg, CEO of Dura.

We warmly welcome BIAB Entreprenad to Dura.
