

## Diadrom joins SOFF's cyber-defence delegation to Tallinn, 6–7 October 2025

Diadrom is travelling to Tallinn this week as part of the Swedish Security & Defence Industry Association's (SOFF) delegation to strengthen cyber- and defence-technology cooperation between Sweden and Estonia.

Over two intensive days, Diadrom will meet the NATO Cooperative Cyber Defence Centre of Excellence (CCDCOE), visit Estonia's national cyber range CR14, and take part in B2B meetings with Swedish and Estonian defence and tech companies.

"Estonia's digital ecosystem offers us a unique platform to demonstrate how Diadrom's AutoDefense offering can enhance availability and security in military vehicle systems," says Viktor Eliasson, CEO of Diadrom Holding AB (publ).

The goal is to identify new development and testing projects and to expand the company's defence and security network.
