

Plannja chooses BIMObject as a new BIM partner

BIMObject announces today that it has signed an agreement with Plannja, a leading Nordic manufacturer of roof products.

As part of the agreement, Plannja's product range is now available on bimobject.com.

Plannja develops and produces roofing and facade elements, and accessories, for sustainable construction in the Nordics. Plannja is part of Ruukki Construction, which has approximately 1,400 employees and a presence in 10 European countries. Ruukki is in turn owned by SSAB, a Nordic and US-based steel company that is listed on the Stockholm Stock Exchange.

"The collaboration with BIMObject allows us to further increase the accessibility of our products through digital models and information, which strengthens our service offering towards our customers. BIMObject's large reach and focus on sustainability were two important criteria in the selection of a new BIM partner for Plannja and we look forward to expanding the collaboration in the future", comments Lars Nilsson, Product Developer at Plannja AB.

"We are very pleased that we can welcome another leading Nordic company to BIMObject, especially when it is as clearly focused on sustainable construction as we are", comments Martin Lindh, interim CEO of BIMObject AB.

About BIMObject

We can't go on building like we do today. BIMObject is on a mission to digitalise construction for a more sustainable future. We're a global marketplace for the construction industry, that provides architects and engineers with the information and inspiration they need to design buildings faster, smarter and greener.

With 2,000+ building product brands* and 100 of the world's top 100 architect firms among our users, we power digital building design worldwide. In 2021, the company had annual net sales of SEK 120 million.

BIMObject's shares are traded on Nasdaq First North under the ticker: BIM.
Certified Advisor: FNCA Sweden AB, info@fnca.se

** Defined as the number of unique brands (including subsidiaries with separate product ranges) with products available for download on bimobject.com.*
