About Hexicon

Hexicon is an early project developer in floating wind, opening new markets in deep water areas, and a technology provider with a patented floating wind design – TwinWind™. The dual business model supports the world's transition to sustainable energy. Floating wind is an important part of the future energy mix. It can be deployed quickly and at scale, contributing to the electrification of society at large. Hexicon operates in several markets across Europe, Africa and Asia. Hexicon is listed on Nasdaq First North Premier Growth Market (ticker HEXI). Certified Adviser is FNCA Sweden AB.
