NIMBUS GROUP APPOINTS VÄÄKSYN KONEPISTE AS DEALER FOR AQUADOR BOATS IN FINLAND

Nimbus Group AB (publ) has appointed Vääksyn Konepiste's as new dealer for Aquador brand boats in Finland. The Aquador boats will become one of the top models among bigger cabin cruiser boats that Vääksyn Konepiste has on offer.

Aquador's current range represents the brand's new generation of thinking: modern design, functionality and protection suitable for year-round Nordic boating. The completely renewed Aquador motorboat range consists of three boats: the Aquador 250 HT and 300 HT, and the flagship of the range, the Aquador 400 HT, which is the largest model Aquador has ever produced. The Aquador 400 HT was recently named a finalist in the 2026 *Motor Boat Awards*, in the category **Best Family Cruiser – Motor Yachts up to 45ft**, one of the most prestigious international awards in the motorboat industry. The awards are organized by *Motor Boat & Yachting* and judged by an experienced panel of international boat testers and marine journalists.

All new Aquador models have in common a swimming platform the size of a beach terrace, an open saloon inviting for socializing, and comfortable accommodation for even longer boat trips. The names of the current models include the term HT, or Hard Top, familiar to Finnish boaters. However, it no longer has anything to do with the small, semi-open hardtops of the 1970s, but the roof of the cockpit and saloon of the new large Aquadors continues all the way to the rear of the open space. In good weather, the huge skylights can be opened, and in rainy weather, the rear of the open space can be closed with a canopy.

Vääksyn Konepiste is a full-service dealership which offers new and used boats and a wide range of boat related services including winter storing.
