

Bufab awarded EcoVadis Platinum Rating

Bufab has been awarded the EcoVadis Platinum Rating, placing the company among the top 1% of more than 150,000 companies assessed globally by EcoVadis.

EcoVadis is a trusted and independent provider of business sustainability ratings, evaluating companies' performance across four key areas: Environment, Labor & Human Rights, Ethics, and Sustainable Procurement.

The achievement highlights Bufab's systematic work to integrate sustainability into its business operations and value chain — from responsible sourcing and supply chain due diligence to climate action and our customer offerings.

"This Platinum Rating is a strong recognition of Bufab's ongoing efforts within sustainability," says Erik Lundén, CEO of Bufab. "It reflects our ambition to be the sustainability leader within the C-part industry and to continue to create sustainable and outstanding value for our customers."

This recognition further strengthens Bufab's position as a trusted partner in delivering sustainable solutions and meeting the growing expectations from customers, investors, and regulators alike.
