

## Press Release

November 22, 2024

### **FM Mattsson Group receives silver rating from EcoVadis for the fourth consecutive year and climbs to the top 13% in the global manufacturing industry**

In an age where sustainability and responsible business practices are becoming increasingly essential, EcoVadis is a leading platform that evaluates companies' sustainability practices. By analysing the group's performance in areas such as environment, working conditions, ethics and sustainable procurement, EcoVadis provides an objective and comprehensive view of our and others' sustainability efforts.

We are proud to announce that FM Mattsson Group (which includes Mora Armatur, FM Mattsson, Damixa, Hotbath, Aqualla and Adamsez) has achieved silver ranking in EcoVadis' 2024 assessment, placing the company among the top 13% of evaluated companies in the global manufacturing industry. This is a significant improvement compared to the previous year when FM Mattsson Group was among the 18% highest-ranked companies. This achievement is a testament to our continued commitment to sustainability and responsibility in all aspects of our business.

EcoVadis reviews over 100,000 companies from 175 countries and over 200 industries, making their ranking an indicator of how well companies are performing in within sustainability.

"Our success in EcoVadis' assessment is not only a testimony to our efforts, but also a motivation to continue our journey towards becoming even more sustainable. We look positively at the future and will continue to implement innovative solutions that promote both the environment and our communities," says Fredrik Skarp, CEO.

In the past year, FM Mattsson Group has further strengthened its work within environmental sustainability and sustainable procurement, which has enabled the improved results. Sustainability is seen as a central component of our business model and where we aim to develop more sustainable products, ensure responsible procurement, minimise our own

footprint and prioritise an attractive and safe working environment for our employees. Receiving recognition from EcoVadis allows us to further build trust towards our customers and partners. We are determined to be at the forefront of sustainability and inspire other companies within our industry.
