

Press Release

10 June 2022 14:30:00 CEST

Qlucore is participating at Micro Cap Invest on June 15th

Qlucore, listed on Nasdaq First North, is participating at Micro Cap Invest. CEO, Carl-Johan Ivarsson will be presenting the company at 13:45.

Qlucore's software creates the potential for improved cancer care. This is possible through advanced visualization, built on mathematics and biology, which makes it easier for analysts and pathologists to determine faster and more precise diagnoses.

Micro Cap Invest is a free and live broadcasted digital investors meeting taking place on the 15th of June. As an investor you will get a unique insight to some of the hottest Micro Cap companies listed in Stockholm.

The presentation is live broadcasted. Please register [here](#).

About QluCore

QluCore is a leading provider of new generation intuitive bioinformatics software for research and precision and companion diagnostics. QluCore's mission is to make it easier to analyze the huge amounts of complex data generated by innovations in the fields of genomics and proteomics by providing powerful visualization-based bioinformatics data analysis tools for research and precision diagnostics. QluCore Omics Explorer software is a Do-It-Yourself bioinformatics software for research in the life science, plant- and biotech industries, as well as academia. QluCore Diagnostics and QluCore Insights are software platforms with built in AI-based machine learning for multi-omics companion and precision diagnostics. QluCore was founded in 2007 in Lund, Sweden and has customers in about 25 countries around the world, with sales offices in Europe and North America, and distribution in several countries in Asia. QluCore is listed on the Nasdaq First North Growth market. www.qlucore.com
