

Thunderful announces release dates for several game releases including SteamWorld Build

Thunderful Group has announced that the game SteamWorld Build will launch on PC, Xbox, Playstation and Nintendo Switch on December 1, 2023. The game will also be available from day one on Xbox Game Pass. Thunderful has also announced release dates for three more games in 2023 at Gamescom.

During Gamescom, Thunderful has announced the release dates for four games, including **SteamWorld Build** which will be released on December 1, 2023 for PC, Xbox, Playstation and Nintendo Switch. The game will also be available on Xbox Game Pass from the same day.

SteamWorld Build is the latest addition to the award-winning, multi-million selling SteamWorld franchise. The game, in which you build and manage a western mining town populated by steam-driven robots, is developed by the internal studio The Station, based in Karlshamn, Sweden.

Thunderful-owned game development studio Coatsink's platform adventure **Astronimo** has been announced for release on Steam Early Access on September 27, 2023. **Islanders VR** is also developed by Coatsink and the game will be released on Oculus Quest 2 and Quest Pro on September 28, 2023.

Finally, **Wordless** from Thunderful's pipeline of externally developed games will launch on October 4, 2023 on PC, Xbox, Playstation and Nintendo Switch.
