HACKSAW GAMING ENTERS DELAWARE WITH BETRIVERS

Hacksaw Gaming is pleased to announce its entry into Delaware. The company is launching an initial selection of its acclaimed slot portfolio with BetRivers, an online casino brand of Rush Street Interactive (NYSE: RSI). The launch brings Hacksaw titles to players in the state for the first time and marks another milestone in the company's US expansion.

In October 2026, Hacksaw Gaming obtained approval as a Gaming Vendor from the Delaware Lottery. This paved the way for its entry into the locally licensed market through BetRivers, which operates online gaming in Delaware on behalf of the Delaware Lottery.

Philippa Gregory, Operational CEO of Hacksaw Gaming, commented:
"Going live in Delaware with BetRivers is a fantastic milestone for Hacksaw Gaming and another important step in our US expansion. RSI was our very first partner in the US, and we've built a great relationship with the team over the years. Building on our successful launches together in West Virginia and New Jersey, we're delighted to be bringing our games to players in Delaware and continuing to grow our presence across the US."

The launch adds Delaware to Hacksaw Gaming's growing network of locally licensed US markets, which now includes six states: Connecticut, Delaware, Michigan, New Jersey, Pennsylvania and West Virginia.
