

## Precise to Showcase Its Biometric Security Solutions at ISC West in Las Vegas

**Precise Biometrics announces its participation in ISC West, the premier international tradeshow for the security industry, taking place in Las Vegas, USA, from March 31st to April 4th. At the event, Precise Biometrics will showcase its biometric access solution, YOUNiQ Access, and engage with partners and customers.**

ISC West provides a unique opportunity to network with thousands of security professionals and explore the future of biometric security, access control, alarms & monitoring, video surveillance, cybersecurity, and more.

Precise Biometrics is proud to announce that its biometric access solution featuring palm recognition will be showcased in the Genetec booth (#13062). Genetec, a recognized leader in unified security solutions, is one of Precise Biometrics' strategic partners. This continued collaboration underscores the strength of the partnership and the growing demand for advanced biometric solutions in the security sector.

Representing Precise Biometrics at ISC West will be Mark Cornett, Head of U.S. Sales and Operations, and Joel Marks, Senior Sales Executive.

Precise offers its biometric access solution to organizations seeking to combine a seamless user experience with robust security. The solution supports both facial authentication as well as palm recognition and is available for cloud-based or on-premises deployment, with the latter primarily designed for organizations in high-security environments.
